NEW CASTLE COLLEGE BOY KILLED BY AUTO

WILL SEES POSTAL INEFFICIENCY AS A BENEFIT, SOMETIMES

(Special To The News)

NEW YORK, Nov. 12.—Arkansaw voted last Tuesday against evolution and Republicans. They don't want anything taught about either subject in their schools.

Houghton goes back to London as ambassador. It seems his resignation was lost in the mails and didn't reach Mr. Coolidge till just as they had finished counting the votes in New York, so Mr. Houghton owes the salvaging of his job to the inefficiency of the Republican postal system, and not as some "catty" ones thought to Mr. Coolidge's favoritism.

Many a guy wishes he hadn't resigned by being misled by the promise of a lot of "aumo" party leaders. You never saw a smart fellow like Joe Robinson resigning, did you?

Yours,

WILL.

PA NEWC OBSERVES

Some New Castle citizens observed Armistice day on Sunday by putting out the flag. Most residents however, waited until today to put out old glory. The curb decorating system was in use early this morning, downtown.

Bankers are enjoying another holiday today, in observance of Armistice day. This makes two in as many weeks for the bankers. They had a day off last week on account of election day.

New Castle church goers are going to get a surprise on next Sunday morning. Ministers of the city churches are going to exchange pulpits, and a new minister will face each congregation in the city, according to the program.

New Castle police efforts to check up speeding in school zones of the city will meet with approval of every citizen, whether a pedestrian, auto driver, or mere observer.

Plans being arranged for a celebration of the opening of the Wampum-Chewton viaduct should be carried out successfully. This is an event in the history of the southern end of the county that is deserving of proper celebration. The viaduct is one of the biggest improvements of years in the county.

Work of immunizing pupils of the schools of the county against diphtheria has been resumed, according to announcement of the county medical director. This work has decreased the number of cases of diphtheria in this county to a very small number yearly, according to school records.

Washington street curb lights are in need of brightening up. Either there should be more powerful lamps in them, the globes should be cleaned, or the lamps need renewing. The curb lights are not showing up as they should.

Saturday's snow was sufficient to add zest to hunting during the morning hours, according to reports brought to the city by hunters, who were out chasing cottontails.

New Castle high football fans who have been following the school team around to various cities in the past few years, where New Castle has played, have come to the conclusion that New Castle is right out in the front line of the procession when it comes to playing field, city conveniences, etc., as well as team. It takes a few trips into other cities to make one appreciate his home town.

To the one who said that we have no men any more that possess virile and potent courage, Pa Newc says in a matter of fact way, tsh, tsh. He has observed several instances today of old time courage that was rampant when Lochinvar only had a shetland pony. He saw two fellows wearing brown derbies.

People are learning. Up until the game Saturday the majority of the people could not seemingly get it into their head to say "score, please," when calling The News for football scores. Each had a pet rigamarolle

Struck By Auto, Paul F. Palmer Fatally Injured

Walking On East Washington Street When Hit By John Saeson's Car

JAMES W. WOODROW HAS NARROW ESCAPE

Palmer, Student At Washington-Jefferson College, Home On Short Visit

Paul Franklin Palmer, aged 17, son of Mr. and Mrs. Frank A. Palmer of East Washington street extension, was fatally injured about midnight Saturday when struck by an automobile driven by John Saesan, aged about 17, son of Mr. and Mrs. Stephen Saeson of the Old Pittsburg road, Shenango township. The injured boy was rushed to the New Castle hospital, where he died about four a. m. Sunday.

The accident happened at the intersection of East Washington and Cascade streets, opposite Cascade Park. Saeson told Coroner J. P. Caldwell, who investigated Sunday, that he had been to the city in a Ford coupe. He was accompanied on the way home by his mother, Mrs. Mrs. Stephen Saesan, and his sister, Victoria Saesan.

Tried to Avoid Collision

He was driving east on the right-hand side of the road when he reached the East Washington street hill leading down to the intersection of Cascade street. There was a Chevrolet car ahead of him. Both cars went down the hill at a moderate rate of speed, he said.

Near the foot of the hill the Chevrolet car slowed up and turned toward the left-hand side of the road to avoid striking some people who were coming in from the Far East dance hall and who were walking on the left side of the road, coming west.

Saesan says that he saw the people and also turned his car to the left, but that he was so close to the Chevrolet car that in order to avoid striking it he pulled clear off the concrete road to the left, going into the intersecting end of Cascade street. He says that he did not see anybody on the left as he pulled off and did not know that there was anybody there until the left front fender of his car knocked a man down. His car ran across the intersecting Cascade street, just grazed a telephone pole located about 15 feet

Post Office At Steubenville Is Looted By Thugs

Estimate Loot Taken By Six Postal Bandits At Steubenville At $40,000

SEVERAL CLUES ARE BEING INVESTIGATED

Assistant Postmaster Bound Ang Gagged As Thugs Ransack Office

(International News Service)

STEUBENVILLE, O., Nov. 12. — Confronted by a dearth of clues, a widespread dragnet was outflung by police and Federal authorities today in an effort to apprehend six men who successfully engineered a daring robbery which netted them $40,000 in loot at the Steubenville post office here last night.

Assistant Postmaster Charles Irwin, sole witness to the robbery was bound and gagged by the safe crackers who were apparently familiar with the office routine as they chose the only night when there were no clerks on duty for their operations.

The men, all masked, cracked the office safe and escaped with several registered mail pouches. One of the pouches was said to contain a payroll sent from a Pittsburgh bank to a Steubenville manufacturing firm.

CO-ED BUMPED BY TRAIN, WINS BET

Because she remained on a railroad track until struck by a train, Miss Lillian Ramsey, freshman at Oberlin college, Oberlin, O., has won her bet with a young man companion that she could remain on the track longer than he. Her victory has cost her a trip to the hospital, however. She sustained a broken collar bone and other serious injuries.

Hoover Prepares For Long Journey To South America

President-Elect To Occupy Quarters Of Admiral On Maryland

By LAWRENCE SULLIVAN
International News Service Staff Correspondent

PALO ALTO, Cal., Nov. 12.—President-Elect Hoover took under consideration today a plan which called for a visit to Florida en route home from his South American tour.

Although no definite itinerary has yet been announced, it was learned at the Hoover home that the President-elect may end his battleship journey on the Atlantic either at Key West or Miami early in January in order to avoid the severe weather of the dead of winter at more northerly American ports.

Mr. Hoover is looking at new straw hats today. He is also in quest of white linen clothing for the tropics, as well as new habiliments in morn-

Boy Falls From Top Of Bridge

Boy Badly Hurt At Grant Street Bridge Sunday Afternoon

Suddenly losing his balance after he had crossed from one side to the other of the Grant street bridge on one of the cross iron girders and was returning, Willard Todd, aged 14, of Glass street about 1 o'clock on Sunday afternoon fell to the roadway of the bridge, approximately 30 feet below.

He was picked up by a passing motorist and rushed to the Shenango Valley hospital, where he is reported to be resting easier with every indication that he will recover. When taken to the hospital he was found to be suffering from concussion of the brain, a broken left arm and minor injuries. He remained in a semi-conscious condition for some time as a result of the accident. The motorists after taking the boy to the hospital returned and took his mother to the bedside of her injured child.

Student Killed At South Bend; Four Are Hurt

Notre Dame Student, New York State Youth, Killed On Station Platform

TEAM WELCOMING ENDS IN TRAGEDY

Train Sideswipes Baggage Truck, Hurtling It Into Crowd Of Joyous Students

(International News Service)

SOUTH BEND, Ind., Nov. 12.—Jack Gleason of Canandaigua, N. Y., sophomore at Notre Dame university, is dead and four of his companions are in a hospital here today as the result of a railroad baggage truck smashing into a crowd of students who were waiting at the station to welcome home the victorious Notre Dame football squad.

Throws Truck Into Crowd.

A passing train nicked the side of the baggage truck, parked too near the track, and sent it hurtling into the crowd of young people, numbering about 5,000.

Among the injured were two girls, one of whom may die. They are Marjorie Mason, 21, of Etna Green, Ind., and Madeline Van Hoke, 18, of South Bend. Miss Mason sustained a fractured skull and internal injuries. Her condition is critical.

Paul Duncan, 18, of La Salle, Ill., a junior at Notre Dame, and John Robert Hurley, 21, of Joliet, Ill., also a junior, were the bruised.

Little Damage Is Done By Small Fire

Fire, originating in a kitchen stove pipe, did damage approximated at $75 to the home of George Thompson of 221 North Norris Way, Sunday morning at 10:35, according to Fire Chief Charles H. Lynn.

Companies one, six and the aerial truck from the central fire station answered the alarm. They found that the stovepipe did not have the proper protection. Several bucketsful of water were used in extinguishing the blaze.

Sicilians Pray For Relief; Lava Rivers Unabated

Eruption Of Molten Lava From Mt. Etna Has Laid Waste Valuable Lands

EIGHTEEN SQUARE MILES DESTROYED

Nine Known Dead; Refugees Being Cared For; Whole Towns Engulfed

(International News Service)

GIARRE, Sicily, Nov. 12.—Hope was felt here today that Mt. Etna's latest eruption, probably the most destructive one of modern times, had spent its force.

Daring natives who ventured near the fringe of the molten mass that has been steadily nearing this city reported that at midnight the flow of the lava appeared to have slowed down almost to a standstill.

With the receipt of this news thousands immediately fell to their knees praying that they would soon see the end of the awful calamity which has devastated 18 square miles of this island and is believed to have taken a toll of nine lives and uncalculated property damage.

Several Towns Engulfed

Other streams of lava, however, were reported to be extending with unabated fury like huge smoky tentacles. The towns of Mascali, Carrabba and Nunziata, together with several smaller hamlets, have been engulfed.

At Nunziata, a lone priest, who braved the lava so that he could toll the town's church bell in honor of the war dead on the 10th anniversary of the armistice, is believed to have lost his life.

Refugees from the devastated districts are being taken care of by Fascist relief organizations. The heat exuded by the lava stream is terrific and can be felt some distance away. A heavy downpour of rain failed to bring relief.

In some places the molten masses are more than 100 feet high. The eruption has laid waste to some of the most fruitful citrus bearing lands in Sicily.

New Menace Arises

Riposto, Sicily, Nov. 12—A storm, which swept southeastern Sicily today, added to the misery of the thousands of refugees who have been driven from their homes by the avalanche of molten lava from the crater of Mt. Etna.

Heavy rain fell, throwing up vast clouds of steam as it came in contact with the rivers of fire flowing down the side of the volcano and over the plains west of the Ionion Sea. This moisture formed a great curtain of murk and fog through which shafts of lightning struck with terrifying sharpness. The thunder of the sky

CITY MINISTERS TO EXCHANGE PULPITS

Grand Change To Be Made For Sunday Morning Services

ASSIGNMENT LIST IS MADE PUBLIC

An unusual procedure in the Sunday program of the city churches will be conducted on Sunday, November 18 when a city-wide exchange of pulpits, arranged by the New Castle Ministerial Association, will be made.

The program is sponsored by the Association in an effort to stimulate interests and impart information concerning the Campaign of Visitation Evangelism which will be launched in New Castle, December 30.

The coming campaign has been discussed by the ministers for several weeks and has met with favor with the majority of the churches as explained by the pastors. A special emphasis will be laid next Sunday on the importance of conducting such a campaign at this time.

As a number of the churches are without pastors at the present time and as some of the ministers could not make satisfactory arrangements concerning the services, there will be

NEW YORK, Nov. 12.—With developments tumbling out, one after another, the murder of Arnold Rothstein, "king of the Broadway gamblers", today attained the proportions of a thrilling mystery replete with the subterranean implications of the Rosenthal and Elwell slayings of a decade ago.

Though it was a week ago last night that the suave, dapper Rothstein was mortally wounded in room 349 of the Park Central Hotel, the police seemed as far away as ever from the arrest of the killer. And be-

Passenger Ship With 200 Aboard Sends S.O.S. Call

Liner Vestris Wirelesses Call For Aid; 100 Miles Off Coast

PASSENGERS ARE TAKING TO BOATS

Messages Indicate Emergency Is One Requiring Immediate Aid

(BULLETIN)
International News Service

NEW YORK, Nov. 12.—With a heavy storm bearing down upon them, the 200 passengers of the Barbadoes-bound liner S. S. Vestris took to the life boats shortly before noon today when the commander of the damaged vessel abandoned his attempts to reach the Virginia shore and ordered the passengers off while still more than a hundred miles from the coast.

At the same time word was flashed to the sinking ship that a U. S. destroyer had been dispatched from Norfolk, Va., to pick up the pasengers.

NEW YORK, Nov. 12.—Bound for the Barbadoes with 200 passengers, the liner Vestris is in distress 200 miles southeast of New York today.

"S. O. S." signals from the vessel were received here by the Radio Corporation of America.

"S. S. Vestris, Lamport and Holt Line, latitude 37.35 north, longitude 71.08 west, requires immediate assistance," the message read.

100 Miles Offshore

The position of the ship was about 100 miles off Norfolk, Va. The Vestris had sailed from here Saturday with Barbadoes as the first stop on her run to Buenos Ayres, Montevideo and Rio de Janeiro.

A supplementary message received by Captain A. J. Henderson of the coast guard from the naval radio station at Tuckerton, N. J., placed the Vestris' later position as 38.08 north, 74.14 west, proceeding at 15 knots.

Prepare to Take to Boats

The 200 passengers and members of the crew exceeding that number were preparing to take to the life boats immediately, according to messages picked up by the Radio Corporation of America. The message followed earlier S. O. S. appeals from the ship.

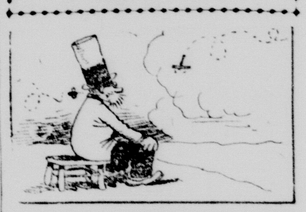

The radio Corporation stated that the ship's operator has declined to go into details as to the nature of the ship's trouble, declaring that the emergency was so great that the entire ship had been ordered to take to the life boats and a hasty abandonment was planned.

As the Vestris' normal running speed is only 14 knots, the message made it evident that Captain William Carey is driving his ship under forced drafts in the hope of making shore safely.

According to Captain Henderson the C. G. destroyer Davis was in a position near the Vestris at six o'clock this morning. At the time the S. O. S. was flashed the Davis should have

The skies are lowered the day is dark, and the clouds are promising rain or snow, and perhaps they are dark as a mourning note for what happened in France just ten years ago. For though it was Armistice for us then, there was mourning for those who had given all, the lads who had gone ere the peace had come, to the land where the bugler blows not Recall. Yes the day is dark, but the flags are out, to remind us yet of that other day, when the war clouds hovered on all the world and the spirits of men were subdued and gray. The Armistice came but for many a lad, its coming was a day or a week too late, and he carried on to the other world, its limp and dark, and its forty-eight.

Local Residents File 2,881 Income Returns In 1926

New Castle Ranks Eleventh In Pennsylvania For Number Of Filers

AVERAGE NET INCOME IS ALMOST $5,500

Individuals And Corporations Pay 199 Millions To Federal Government

By ARTHUR C. WIMER
Special Washington News Correspondent

WASHINGTON, D. C., Nov. 12—A total of 2,881 residents of New Castle filed individual income returns with the federal government for the calendar year of 1926, according to a treasury department report made public today by the commissioner of internal revenue. The New Castle returns represent approximately seven-tenths of one per cent of the 397,575 individual returns filed by residents of Pennsylvania.

Ranks Eleventh

New Castle ranks eleventh of the Pennsylvania cities in the number of individual income returns made to the government. It leads in Lawrence county, with Ellwood City coming second with 976 returns and Bessemer third with 87 returns.

Resident of Lawrence county who filed income returns with the government numbered 4,324, according to the treasury department report.

State Pays 76 Millions

The 397,575 returns made by individuals of Pennsylvania represent net incomes totaling $2,138,168,594 from which the federal government derived an income tax of $76,887,315. These figures reveal that 4.14 per cent of the population of the state filed returns representing 9.74 per cent of the total net incomes reported by returns from the entire country, and that the tax on Pennsylvania incomes comprised 10.50 per cent of the total individual income tax collected by the government from the states and territories.

New York Greater

Only one other state in the union, New York, reported greater total net incomes and paid more individual income tax into the federal treasury that did Pennsylvania, according to the treasury report.

The average net income per return made by residents of the Keystone state was $5,378.03, and the average income tax per return was $193.39.

In addition to the individual income tax collected by the government, the federal treasury was enriched by $122,361,366 paid by corporations of Pennsylvania as income tax. A total of 24,173 corporations of the state filed income returns, 13,820 of these reporting net earnings of $941,818,944, while 10,353 of the corporations reported no net incomes but deficits amounting to $150,306,532.

Corporations Pay Much

As in the case of individual income tax, only one other state, New York, paid to the federal government more corporation income taxes than did Pennsylvania.

The treasury report reveals that individuals and corporations of Pennsylvania combined paid to the government a total of $199,248,681 as income tax for 1926.

The thick atmosphere prevented the wind from carrying off the cinders and dust and clouds of these particles settled down over the refugee camps.

that must be gone over and a mouthful of cement. Saturday, however, reporters found that the majority had at least learned those time saving words.

Pa Newc's little analogy as well philosophy gained by much moaning of the bar, etcetera: If Herbert Hoover is president-elect, then Al Smith is president-reject: Mr. Vare must be senator-suspect. All together now boys.

It seems that the little jokes about the cigarette lighters have all gone to the background to mumble and grumble with other old time celebrities such as "And How," "Yes, We Have No Bananas," "G'by, Now" and "So's Your Old Man."

Although they get no salary, they should at least get a little public praise on their work Saturday. Pa Newc is speaking about the high school girls who sold poppies. They had a terrible day to work but they stuck to their post like flies on sugar and every one that went by meant another poppy sale. They didn't miss any.

Saturday was a series of victories for Lawrence county teams in this section. The teams in mention are Westminster college and the two high schools, New Castle and Bessemer. Westminster pulled a fast one and defeated Bethany. New Castle high ran up a big score over Greensburg and Bessemer went up to Mercer and cleaned house in a grand fashion.

Speaking of football, Pa Newc is reminded that there are but three more football days. Two more Saturdays and then the next football day is Thanksgiving, which is generally the windup of all games with perhaps a few exceptions. It has been a season thus far of glorious upsets but few broken collar bones.

Some auto drivers have already equipped their cars with chains and the winter overcoats. A number of cars were noted today that had covers over the radiators.

HOOVER PREPARES FOR LONG JOURNEY TO SOUTH AMERICA

(Continued From Page One)

ing clothes, formal evening dress and easy lounging clothes for shipboard.

Makes Preparations

His departure on the 10,000-mile trip down the Pacific, across South America and up the Atlantic tentatively set for a week from today, the President-elect turned his attention today to the details of preparations, which will occupy his complete attention until he leaves for southern California, probably Sunday night, to board the battleship Maryland, flagship of the Pacific fleet, for the first leg of his history-making journey to Balboa in the Panama Canal Zone.

Hoover plans now to sail from San Diego, but the Maryland will steam into San Pedro naval base, Los Angeles, for refueling late this week and he may decide to board her there.

Preparing Battleship

Meanwhile the man o' war went into dry dock at San Francisco today for complete inspection minor repairs and a new coat of Uncle Sam's world-famous battleship gray paint.

Captain V. A. Kimberly, who will command the craft, anticipates that four days will be required for the overhauling.

George Akerson, Mr. Hoover's personal assistant, today completed arrangements for the comfort of the Hoover party aboard. The President-elect will occupy the flagship quarters reserved for the admiral of the fleet. His personal staff, newspapermen and secret service operatives will share junior officers' quarters aboard, the usual officer complement of the dreadnaught being reduced by about 20 to care for the unusual civilian passenger list.

Three major stops will be made by the Maryland on the Pacific side, at Balboa, Canal Zone, Lima, Peru and Valparaiso, Chile. Guest of the Chilean government, the President-elect will be swept 90 miles northward to the Chilean capital at Santiago, where he will begin his journey over the Andes, through the jungles of the Amazon country and across the broad flats of the Pampas.

The nine hundred-mile trip from Santiago to Buenos Aires will require three days, part of the time over single track narrow guage and tortuous mountain rail lines through altitudes ranging up to 15,000 feet. The Maryland is expected to reach Valparaiso about December 5.

ROTHSTEIN MURDER MYSTERY DEEPENING; NO ARRESTS AS YET

(Continued From Page One)

cause of their failure to seize any of the four men who were in the room at the time of the shooting, authorities are coming in for a severe panning from the newspapers, one of which today referred to the case as "the burlesque investigation of the Rothstein stud poker murder mystery". "Why no arrests?" is the tenor of the newspaper criticism.

McManus Missing

One of the men who was in 349 that night was George McManus, the police say. And even though McManus was well known on Broadway and has a brother who is police sergeant on the force, not a single clue as to his whereabouts has been obtained. He is regarded as the "key witness". Shortly after the shooting a top coat bearing the name "McManus" in the label was found in room 349.

But while the police were alibing and explaining developments were breaking thick and fast. Mrs. Essie Rothstein, mother of the slain man, announced through her lawyer that she will make a legal fight to break the deathbed will of her son which bequeathed one-sixth of his fortune to Miss Inez Norton, an attractive 25-year-old divorcee, and made provisions for others, including Maurice Cantor, the dead gambler's personal attorney.

Mrs. Rothstein was scheduled to appear at the district attorney's office today to request the authorities to take charge of her son's office, his papers and other affairs. Later the appointment of a temporary administrator will be asked. But in the meantime all concerned will unite in an effort to have the contents of Rothstein's safe deposit vaults disclosed to the authorities and to the public.

To Battle for Fortune

Some estimates have placed Rothstein's assets as upwards of $10,000,000. On the other hand, the claim is also made that Rothstein died "broke"—that, in fact, he was about $1,000,000 "in the hole" when he was "plugged" in room 349 because, it is alleged, he welched on the payment of a $320,000 gambling debt he had incurred weeks before in a "no limit" poker game in the West 54th street apartments of "Jimmy" Meehan, a well-known Broadwayite.

Amid all the hubbub that has been created by the mysterious murder Miss Norton, the sweetheart of Rothstein, quietly slipped out of town and registered at a hotel in Atlantic City. There she gave emphatic assurance that she will fight to the bitter end to collect the fortune willed her by Rothstein.

Despite her denials, it was said on good authority that she visited Rothstein at Polyclinic hospital the day after he was shot and before he scratched X, his mark, to the will that named her a beneficiary and supplanted a former one. With all her resources she intends to battle Mrs. Carolyn Rothstein, widow of the gambler, and his family, in their efforts to break the will.

The British aviator who flew at the rate of 319 miles per hour said he was traveling so fast he could see nothing. And he didn't have any sign boards to block his view either. —The Hamilton Spectator.

Deaths of the Day

Mr. Payne's Funeral.

Funeral services for the late Ralph E. Payne were held Saturday afternoon at 2 o'clock from the family residence, 319½ East Wallace avenue, with Dr. H. C. Weaver, pastor of the First M. E. church, in charge. The services were very largely attended. The pallbearers were employes of the cement plant, where Mr. Payne met his death. They were S. E. Cutler, Henry Wilson, George Gray, Ralph Waddington, R. E. Bartley and Wesley Davy. Interment was made in Oak Park cemetery.

Mr. Hamilton's Funeral.

Funeral services for the late James A. Hamilton were held Saturday afternoon at 3 o'clock in the Jos. S. Rice company chapel, 215 East North street, with Dr. C. E. Wingerd, pastor of the Central Presbyterian church in charge. The pallbearers were relatives. Interment was made in Greenwood cemetery.

Walter Peak

Walter Peak, aged 23 years, formerly of New Castle, died Sunday in the City hospital Cleveland, O., after an illness of two weeks of pneumonia.

The young man is survived by his mother, Mrs. Harriet E. Peak of the West Pittsburgh road and four brothers, Floyd, Irwin, Wilbert and Harry. He also leaves one half brother, Charles and a half sister, Mrs. Margaret Pastors.

Funeral services will be conducted from the Ritchie Undertaking rooms Tuesday, November 13 at 2 p. m. Interment in Valley View cemetery.

Arthur Williams Buried.

Funeral services for Arthur Williams, son of Mr. and Mrs. William P. Williams took place from the family home on Highland avenue Saturday afternoon at 2:30.

The home was filled with many sorrowing friends of the young man. The casket was banked with a profusion of beautiful flowers, expressing sympathy and esteem.

Rev. S. Whilding, pastor of the First Congregational church officiated. The singing was led by Griff Thomas accompanied on the piano by Mrs. Thomas. The pallbearers were Evan, Thomas, Harry, Garfield and Arthur Davis and Benjamin Lewis. Burial was made in Oak Park cemetery.

William Shaw.

William Shaw, aged 38 years, of rear 18 Reynolds street, died this morning after an illness of three months.

The deceased was born in Arkansas in 1890, a son of Mr. and Mrs. Philip Shaw. He had been a resident of New Castle for eight years and was a mill worker by occupation. He was a member of St. Paul's Baptist church, K. of P. lodge and Lightfoot lodge No. 17 of Nashville, Tenn.

He is survived by his widow, Mattie Shaw, to whom he was married 13 years ago.

U. S. Marine Band Arrives In City For Two Concerts

Anybody who likes band music—and most everybody does—will be at The Cathedral tonight when the U. S. Marine band, the pride of the government service, will be present. The Marine band is not new to New Castle. Thousands remember it under Captain William H. Santelman and from the advance notices Captain Taylor Branson is keeping the band to the same high standard of excellency.

Concert Tonight.

A matinee for students is being played this afternoon at 2:30 to which adults are eligible. The band concert tonight is at 8:15 in The Cathedral auditorium.

It's an inspirational organization, the Marine band. Back of it is the history and tradition and romance of the sea soldiers for a century. In it are musicians of unusual ability and the ensemble is something that would delight the heart of Theodore Thomas could he but come back and hear it.

The season tickets for the Educational Art society which were for the Goldman band concert admit holders of such tickets tonight. These are the tickets that were not used last season when the Goldman band canceled its engagement for New Castle.

Leader Enthused.

"One of the finest auditoriums that I have seen," was the statement of Captain Taylor Branson, director of the United States Marine band, when he entered The Cathedral auditorium this morning.

Captain Branson has not been in the city since his visit six years ago at which time the Marine band gave a concert here. At that time, stated the director, the facilities were not what they are now. "It is truly a wonderful building and one of the finest that we have played in," said the captain.

The United States Marine band, numbering 50 players and Captain Branson, arrived in the city this morning.

Defective Chimney Is Cause Of Fire

Small Blaze Is Extinguished At Home Of Mike Polansky Sunday Evening

A $25 loss was sustained by Mike Polansky of 1805 Hanna street when fire, originating in a defective flue, burned a small hole in his roof Sunday evening at 7:20. Company five answered the alarm, which came from box 58.

Assistant Fire Chief Claire Stockman found that a brick was missing from the chimney just under the roof and that the fire had started in this manner.

A can of chemical was used to extinguish the blaze.

A fool and his money are soon envied.

MISS JUNE EDWARDS WEDS H. T. WILLIAMS

The wedding of Miss June Edwards, daughter of William J. Edwards of Hillsville, and Howard T. Williams, son of Mr. and Mrs. Thomas Williams of Youngstown, O., was solemnized Saturday, November 10, at noon in the Bellevue Methodist Episcopal church, Pittsburgh, Pa. Rev. John B. Magee officiated with the ring ceremony.

The bride who was given in marriage by her father was gowned in brown transparent velvet with amber ornament. Her hat was of a close fitting model of gold fabric, and her coat of leopard skin with fox collar. Her corsage was of Ophelia roses.

Miss Phoebe Shaffer of Youngstown, cousin of the bride as maid of honor wore a gown of independence blue georgette trimmed with paune, velvet, and carried premier roses. Lewellyn F. Davies of Pittsburgh served as best man.

A wedding dinner at the William Penn Hotel supplemented the ceremoney.

Later in the day Mr. and Mrs. Williams left for a wedding trip to Washington, D. C., Philadelphia and New York.

Mr. Williams is a graduate of Case School of Applied Science, class of '27, and is employed in the office of the Standard Slag Company of Youngstown, O.

HAVE COLOR IN CHEEKS

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 20 years of study.

Olive Tablets are a purely vegetable compound mixed with olive oil. Know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take nightly and note the pleasing results. Millions of boxes sold yearly. 15c, 30c, 60c. All Druggists.

Ten Americans In Multi-Millionaire Class Is Revealed

Figures Show Total Of 283 Millionaires Paid Income Taxes In 1927

(International News Service)

WASHINGTON, Nov. 12.—There are ten American multi-millionaires enjoying an income of $5,000,000 or more each annually sharing among themselves $89,000,000 last year, according to statistics compiled by the Internal Revenue bureau from the income tax returns for 1927.

Income of $1,000,000 annually are getting commonplace. There were 238 individuals enjoying a million or more in 1927 paying income taxes on $497,000,000.

Figures show a slight decrease in those with incomes of more than $5,000,000 from 1926 when 14 such were reported but in the simple million class 283 sets a new record.

FARM LEGISLATION

SPOKESMEN for the McNary-Haugen plan of farm relief will soon be rallying their forces again. The Hoover-Smith debate on farm relief during the presidential campaign certainly convinced many non-agricultural voters that congress, after all, might be able to do something for the troubled farmer, and it is evident that support for the McNary-Haugen measure has been growing steadily among both farmers and congressmen since it was first introduced in a crude form six years ago.

After being twice rejected by the lower branch of congress and once allowed to go over without action, the bill subsequently twice passed both houses of congress by substantial majorities and has been kept off the statute books only by executive veto.

As the bill has thus grown in favor it has also lost many of its original and objectionable features. It is true that as it passed congress this year it still carried the equalization fee, which alone was sufficient to bring a Coolidge veto, and it also called for the unsound economic policy of dumping at a loss on a foreign market, and embodied the fundamental fallacy of seeking to remedy overproduction by subsidizing production.

Nevertheless the authors of the bill have done much to meet the objections raised by President Coolidge and others. On the whole, congress this year registered progress in its preparation of a more practicable plan. It eliminated all suggestion of price-fixing and laid vastly more emphasis on provisions for orderly marketing through co-operative organizations.

Farm relief legislation is just around the corner. Whether it will relieve the farmer only time and experience can tell.

TREES IN THE CITY

A SMALL boy looks on a tree as a challenge to his anthropoid inheritance and the endurance of his trousers or as a standing invitation to build therein a tree house at the risk of his young neck. A tree surgeon estimates it in terms of cavities and arboreal diseases. A lumberman measures the giant monarch of the forest in board feet. The landscape architect considers the tree in relation to its surroundings.

But plain people who must live and work in congested communities need to do greater honor to the friendly tree and regard it, care for it and preserve it for its infinite capacity for making community life bearable. There must be trees in the city, if the air is to be pure and sweet, summer nights cool and streets and gardens beautiful to gaze upon.

Cities and towns whose streets are still arched with healthy living trees and whose homes are set in tree-studded lawns can benefit from the experience of those communities which found trees in the way and ruthlessly leveled them only to discover that trees contribute much toward making city life comfortable and pleasant. Many cities which discovered the worth of the tree too late are now planting new shade trees along their thoroughfares at great cost.

INDIVIDUALITY

THERE are two sides to every question, and the manner in which high school girls dress is no exception to that general rule. If, as some complain, the matter of competition in dress has become so serious as to call for drastic action, it might be that a uniform dress regulation would provide the simplest remedy. If, on the other hand, high school girls are, as a general thing, simple, unaffected and unspoiled, as most people believe them to be, there can be no excuse for attempting to submerge their individuality in uniformity.

The jazz age is passing. If parents can be induced to abandon the jazz life there will be no trouble with the young. Observation shows that the era of flapperdom that followed the war has nearly run its course and that the tendency is toward a return to decorum and sensible dress.

It may be that some Lawrence county girls overdress and make unhappy those who cannot afford a large and costly wardrobe. But inspection of a typical group reveals that the representative high school girl is sensible in her attire. And, after all, the girl with the plain dress doesn't envy the other girl's costlier garment so much as the more fortunate circumstances which put that garment within her reach.

The argument that a few girls without material means are made unhappy by the prettier dresses of their classmates is unconvincing. What will the uniform-dress advocates do for the girl in silks and satin who is unhappy because the poor girl has a higher scholastic standing or is more attractive in her simple frock than she in her exclusive model? It would be a pity if natural individuality were to be destroyed by deadening standardization.

He who had 100 shares will now have 250 shares. What is more important, cash dividends are increased by $43,000,000 a year.

The British regretting the naval agreement with France, will drop that revival of pre-war secrecy.

President Coolidge told Wickham Steed that he wanted Americans to consider every British cruiser an additional pledge for American safety, and the British to consider every American cruiser an additional pledge for British safety.

Nations should feel about armament as individuals do about the police. An American in London is glad to see British police that mean protection for him, as a Britisher knows that the police here mean his protection.

Alexander the Great, made his soldiers shave their faces and cut their hair short on top for a more practical reason, setting the example himself, an example followed by Caesar and Napoleon, anxious to be like Alexander.

In Alexander's day a soldier fighting with the short sword had the unpleasant habit of seizing his enemy by the whiskers with his left hand, chopping off the enemy's head with the right. No whiskers, nothing for the enemy to take hold of.

Chinese were forced by Nomadic conquerors to let their hair grow long, that the conquerors might seize the long pigtail in chopping off heads. Eventually Chinese men grew proud of their pigtail, as Chinese women grew proud of their cramped feet forced upon them that they might not run away. Such is human nature.

The birthday of the republic recalls defeat by the allies of the German empire, and Germany does not make a national holiday of the republic's birthday.

When the gasoline tax in this state was one cent a gallon it cost more to collect that tax than was taken in. Even now when it is three cents a gallon it is said not quite a cent of it gets to the roads. It was from Bert Stevenson, who had left New York the night before and in a few minutes was with us in the Cadillac factory. He had heard we were in Detroit and having some business there himself made it a point to see the party. The last time we saw Bert and his wife before that time was under a big cocoanut tree on his plantation in Porto Rico. The Stevensons will be in this city later.

Tonight at the Cathedral the big ball of the season takes place. It is given by the local post of the Veterans of Foreign Wars. The money made will go to the orphans of the boys who have passed over. It ought to be a million. J. A. Bell, engineer on the Pennsylvania railroad, served over in France during the war and they gave him one of those French engines to run. One day he was hauling a trainload of dynamite, glycerine and other high explosives down a mountain, when the train got away from the crew and raced six miles down the steep mountainside. Of course, all the crew expected to be blown to pieces, but the stuff did not explode. Comrade Bell is going to tell that story tonight, and it is a whiz. Buy some tickets for the ball tonight.

The election last week shows just what will happen in this country when nearly all the people turn out to vote. Smith got more votes in Pennsylvania than President Coolidge did four years ago. THE MAN WHO CHEATS HIS WIFE WILL CHEAT YOU

The growth of civilization has resulted in ever-increasing respect for women. Ages ago, when men were unwashed and superstitious savages, their women were mere brood sows and work animals.

When men learned to read and wash and understand the meaning of honor, they began to realize that women have rights.

And as the slow centuries went by, the women came out of the stables and sat by their men as equals.

In America, because this sweet land of ours is more civilized than any other, respectable women are honored as never before in history. They labor little; they have money to spend; somebody opens the door for them.

Men have become gentlemen. They lift their hats to their wives. Civilization has flowered, and the blossom is chivalry.

Now the measure of man's chivalry is the measure of his civilization—the index to his character—his gauge of honor.

In the backwoods, where ignorance and filfth still predominate, men still beat their wives. But men of that kind could no longer live unmolested in a civilized community.

If you would measure a man observe how he treats his wife. If he treats her kindly and courteously, you are safe in assuming that he is well-bred and honorable; if he abuses her, or leaves her neglected at home while he spends his money on other women, you are safe in assuming that he is low-born trash without capacity for honor.

I hear you say that some wives are hell-cats who deserve nothing. That is quite true. But like marries like, as a rule, and the husband of a hell-cat usually deserves her.

If a gentleman is tricked, he will not and could not retaliate by abusing the woman. The world is wide. He will leave her.

The man who says he abuses his wife because she deserves abuse is a brute. Only a brute could live on with a woman too low to deserve courtesy.

I have lived in many places and studied many people, and I know this rule can be trusted: The finer the man, the better he treats his wife; the more he neglects and abuses his wife, the nearer dirt he is.

You will find no exceptions. The man who is not loyal to his wife cannot be loyal to anything. His word is worthless. If he breaks one pledge he will break every other. If he is a traitor to his wife, he will be a traitor to his other friends. If he spends on other women the money his wife needs and deserves, he will steal from men as he thus steals from her.

If you would hire a clerk, or select a partner, or engage a lawyer, first observe how he treats his wife. There is his proof of honor, or lack of it.

Some husbands buy nice presents for their returning wives, and others behave while their wives are away.

NEW YORK, Nov. 12.—"Animal Crackers", starring the four Marx-men, is the town's most sensational money-making musical comedy hit, although St. John Ervine, the Britisher (now critic for the New York World), objected strenuously to the Marx brothers as comedians.

So Howard Brubaker, one of the wits of The New Yorker, observes: "This brings up the tiresome old question of whether an Englishman can get the point of anything within six months."

Failure Of Rubber Monopoly Cuts Prices For Americans

End Of British Restriction And Development By United States Of Own Sources Bring Relief For Users Of Tires

Termination of British restrictions on rubber, which became effective this month, is believed by Americans to assure permanent reduction in prices. This already has been felt by users of automobile tires and the department of commerce, in reporting on the subject, has inspired public comments from the press. In addition to the action by Great Britain, attention is directed to the fact that under compulsion of the inflated prices that formerly prevailed, the United States has developed its own sources which will produce results in the future.

"There has been a sharp recession of prices during the past year, affecting the British market in sympathy with that on this side of the Atlantic," comments the PHILADELPHIA EVENING BULLETIN. "Meanwhile," continues that paper, "highly promising enterprises backed by American capital are developing large rubber plantations in Africa, Central America and the Philippines, so that there is a highly satisfactory outlook for the supply in all branches of industry in the future. Thus restriction for the sake of a temporary profit has laid the foundation for most formidable competition to the Malay and Ceylon growers in the near future. Probably no stranger sequel to the policy of limiting the output of any commodity is on record than the fact that prices of rubber are depressed because the market is over-supplied."

"The British, of course, are the losers," it is pointed out by the LOUISVILLE COURIER-JOURNAL, with the suggestion that "sometimes it takes a hard pinch, like this monopolistic squeeze, to awaken us out of a dream of security, and to stimulate our inventiveness. Clearly, American automobile owners should thank the British for giving us the shove we needed." In explanation of the situation that paper remarks: "With rubber 'out of sight', manufacturers sought to design new types of motor car tires offering greater efficiency with a smaller amount of rubber. The 'balloon' was the result. This is an old story now, but the department of commerce has just called attention to the fact that the American motorist pays $10 for his casting today as against $11.20 in 1925. Think of the saving on the 63,550,000 tires sold in the United States last year!"

Credit to Mr. Hoover as head of the department of commerce is given by the SAN FRANCISCO CHRONICLE, with the statement of the course of proceedings: "A national campaign was organized to conserve our rubber supply. Laboratories worked day and night to devise methods of reclaiming used rubber and to add to the life of the manufactured article, especially automobile tires. Agents of the government and of private enterprise working in cooperation with Hoover were sent far and wide to find new sources of supply and to stimulate production in those fields outside of British control. The monopoly found itself with a great supply of raw rubber on hand that it could not sell at the inflated price. The monopoly collapsed. But the Hoover plan has continued busily at work to insure against any future attempt to squeeze American tire buyers and other American consumers of rubber."

"A sigh of relief," which the DETROIT FREE PRESS states was breathed by the people of this country, when "the British government announced that it would lift the so-called Stevenson system of restrictions on the production, export and price of Malaya and Ceylon rubber" is recalled by The Free Press, with the further statement: "As the consumer of three-quarters of the world's total rubber supply, America was the first nation to raise a protest against the monopoly which the Stevenson legislation tended to establish. Hoover, as secretary of commerce, initiated a program of self-protection when he called American rubber manufacturers together with the object of pooling rubber purchases. Another defensive measure was found in a systematic educational agitation designed to foster the use of reclaimed rubber in the automobile and other industries of this country. Above all, American enterprise began to show extraordinary energy in the direction of rubber production on its own account. * * * The British acted in good faith, with the idea of protecting the Malaya and Ceylon rubber producers, when they adopted the Stevenson restriction and they have only themselves to blame if, as a consequence of the monopolistic scheme, America is now awake to its possibilities as an independent rubber producer on a scale surpassing anything attempted in the British possessions."

The development is viewed by the MANCHESTER UNION as "the culmination of a long struggle on the part of Americans to break the attempt of the British to control the world's rubber supply." The Union contends: "It was the campaign launched in America that frustrated the British scheme. America consumes today about 80 per cent of the world's rubber. In 1926 rubber was our largest single import, crude rubber purchases exceeding half a billion dollars. In 1927 rubber was surpassed only by silk among our imports. Americans correctly interpreted the British plan as an attempt to profit at the expense of the American consumer, and set themselves to defeat it. Their tactics proved effective. In consequence of the activities that were set going prices began to decline. Crude rubber is selling today for about 18 cents a pound."

It is pointed out by the ITHACA JOURNAL-NEWS that "as a result of the increasing output of plantations in the far east, rubber was the only important raw material which actually declined in cost during the war," and the Journal-News adds: "In the 1921 post-war slump, rubber dropped to such a low price that in 1922 the Stevenson act restricting the export of rubber from British colonies was enacted. At that time the British had nearly a monopoly, the Brazilian supply being small and the Dutch plantations just starting."

The World AND THE Mud Puddles

ONLY A SINGLE THOUGHT.

There was once a Darkie Preacher who called his congregation to a Day of Prayer for rain. The church was filled for rain was much needed but the Preacher was disgusted. "You is a fine example ob Faith. Not one of you has brung an umbrella."

Speaking of absent minded people, it is related of Peter Burrows a celebrated Irish barrister, that he was seen by a friend one morning shaving with is face to a blank wall. Asked why he chose so strange a position, he replied: "To look in the glass, of course."

"Why, there is no glass there."

"Eh!" exclaimed Burrows. "Bless my soul, I did not notice that."

Ringing the bell, he called his servant and questioned her regarding the looking-glass that had been hanging on the wall.

"Oh, sir," said the girl, "that was broken six weeks ago."

Bible Thought For Today

RICH RELATIONS—Say unto wisdom, Thou art my sister; and call understanding thy kinswoman.—Prov. 7.4.

PRAYER—Gracious is the Lord and righteous. Yea our God is merciful.

REVEALED

I see Him in the green of the trees,
And hear the whisper of His voice
In the gentle murmur of the breeze,
I see His face in every flower.—
The mountains high, the singing brook
And the rainbow declare His power.
The acorn that springs from the dark sod
And grows into the giant oak,
Braving wind and storm, shows us God.

The Barren City.

The skies are gray
The leaves come down,
Bare branches sway
Above the town.

Where beauty cast,
Her lovely shield,
Now stack and mast
Are all revealed.

'Tis autumn and
The buildings seem
Gaunt things which stand
In smoke and steam.

With such a change
The streets seem bare
And cold and strange
The houses there.

The chill winds hiss
Among the leaves;
Gray flowers we miss,
And singing leaves.

When summer goes,
Man plainly sees
How much he owes
To flowers and trees.

Federal Probe In Pittsburgh Opens Tuesday

Pittsburgh's Officialdom Shakes As Big Investigation Is About To Start

GIGANTIC BOOZE RING UNCOVERED

Indictments Against 167 Persons In Allegheny County Will Be Aired

(International News Service)

PITTSBURGH, Nov. 12.—Because of Armistice Day a lull prevailed in the activities of the Federal and county investigations of alleged graft and corruption in Pittsburgh today.

Beginning tomorrow the Federal investigation will occupy the major share of the spotlight, with the opening of trials of the 167 persons indicted when a special U. S. grand jury revealed the operations of a gigantic booze ring.

At the same time the special Allegheny county grand jury will continue its search into a maze of evidence which District Attorney Samuel H. Gardner believes will result in indictments of persons important in the official and business life of Pittsburgh and the county.

Legislators Involved

The Federal trials have been divided into brackets. The first bracket, composed of persons indicted from the Northside of Pittsburgh, opens tomorrow, with 55 defendants ready to stand trial. The other brackets, composed of indicted persons from other sections of the city, will be brought before the court later, probably not before next January.

Among the most important of those whose trials begin tomorrow are Samuel J. Grenet, a member of the Pennsylvania legislature; Justus Schroedel, a Republican ward chairman; Police Inspector Charles Faulkner and seven police lieutenants and patrolmen.

Other prominent persons among the indicted, but who are not yet due to go on trial, are: Superintendent of Pittsburgh Police Peter P. Walsh, Magistrate John M. Orie, Luke Sullivan, a member of the legislature, and his brother, Magistrate P. J. Sullivan.

Six other persons, indicted for perjury when called as witnesses in the Federal probe, also are to appear for trial tomorrow.

Four Hundred Subpoenaed

Approximately 400 witnesses have been subpoenaed thus far. All will be in court tomorrow and then will be told on what day to return to testify.

Of the 167 persons indicted by the Federal grand jury, one has died, one has been tried and convicted and twelve have thus far escaped summons to appear for trial.

The man convicted is Al Forney, alleged head of the slot-machine racket. He was sentenced to serve six months in jail and was fined $3,000.

Dry Agents As Aides

Officers, of Prohibition Administrator John D. Pennington, whose work resulted in uncovering the booze ring operations, will be the chief witnesses against the defendants. The prosecutions will be in direct charge of Assistant U. S. Attorney Ralph Smith, aided by Attorney Joseph Richardson.

While the Federal court will attempt to expedite the disposition of the trials, nevertheless it is expected that several weeks may be elapsed before the first bracket of 55 is disposed of.

Many of the indicted, having pleaded guilty, may be sentenced immediately, but others have retained expert legal counsel and are expected to wage stubborn battles.

The Federal jury which will hear the trials has been placed under surveillance, it has been learned unofficially, presumably to prevent possible tampering. This is the first time in the history of local Federal district that such a precaution has been taken.

STRUCK BY AUTO, PAUL F. PALMER FATALLY INJURED

(Continued From Page One)

from the left side of the concrete and came to a stop about 50 feet further on.

Was Driving Slowly

Eaeson estimated that he was going around 15 to 18 miles per hour when he pulled off to avoid hitting the car ahead of him. After the accident the Chevrolet car, which was driven by Albert G. Miller of R. D. 5, also stopped and Mr. Miller took the injured man, Paul Palmer, to the New Castle hospital, being assisted by Saeson in putting him in the car. Saesan then reported the accident to the police department.

Questioned as to why he had driven off the concrete, Saesan said that it was to avoid hitting the people who were walking on the right-hand side of the road, and for whom the Miller car had slowed up and turned out. Saesan was of the opinion that if he had not turned off the concrete he would have struck the Miller car.

Was With Palmer

James W. Woodrow of Adams street, with whom Paul Palmer was walking at the time of the accident, give Coroner Caldwell the following story of the accident: "Paul and I were great friends," he said, "and when Paul came home from Washington-Jefferson College Saturday to spend Sunday with his parents, he came to visit me. He came to my home on Adams street about 10 o'clock Saturday night and remained until about midnight.

"When he started to go home I told him I would go with him a part of the way. We walked down Adams street to East Washington and then east on East Washington street sidewalk in the direction of his home. When we came near the intersection of Cascade street with East Washington street the sidewalk ended. As the crossing appeared to be muddy, we walked out onto the concrete roadway.

Going Single File

"We proceeded down the roadway walking close to the east edge of the concrete. We were going single file, Palmer being about three or four feet ahead of me. As we were near the center of the intersecting Cascade street I noticed that there were two cars coming down the hill back of us. I do not know whether or not Paul was aware of their approach.

"I also noticed that there were some young people coming toward us on the opposite side of the street. When the front machine came opposite me I noticed that it had turned out toward our side of the road on account of the people on the other side, but both Paul and I still had room to walk on the concrete. The next thing I knew was when the second car went off the concrete back of me and went around me. The next that I saw of Paul was after he had been struck by the machine and was lying on the side of the road. I do not know how it occurred, but Paul must have been making an effort to get out of the way of the car when he was struck.

Remains on Concrete

"I was about opposite the front end of the Chevrolet car, I would say, near where the body begins, when the accident happened, and Paul was three or four feet ahead of me. I was still standing on the concrete at the time that Paul was struck. I do not know how far back of me the Saesan car was when it left the concrete, but it could not have been very far. It all happened so quickly that it is hard to describe it."

From the tracks of the Saesan car, made in the soft mud, it would appear that the left side of the car must have been about seven or eight feet from the east side of the concrete when Paul was struck, both front wheels being off the concrete. It is presumed that Paul, believing that the car behind was going to strike him, jumped from the concrete and had almost cleared the path of the oncoming car when he was struck by the left front fender. Injuries received were about the head and face, although his skull did not appear to have been fractured. Death was apparently from shock as a result of the injuries. It is not known exactly what his head struck, unless it was against the telephone pole grazed by the car.

Unusually Sad Case

Circumstances surrounding the case are unusually sad. Paul Franklin Palmer was the only child of Mr. and Mrs. Frank Palmer. He had been a bright pupil in the grade schools and an arduous student in the New Castle High school, from which he had been graduated last year. He had become a student at Washington and Jefferson College, intending to finish the course and then study law. During his boyhood days he early became interested in Sunday school and church work. He was a member of the Second United Presbyterian church and Sunday school, a member of the Order of the Builders and of the New Castle district Sunday school council. He was a diligent student of the Bible and was gifted with the ability to speak in public, having frequently made addresses at Sunday school and other gatherings.

Home for Visit

On Saturday he came home from Washington-Jefferson College expecting to spend Sunday with his parents. He had gone over to visit James Woodrow Saturday evening because they had always been great chums. James, with scores of others of Paul's friends and associates, is bowed with grief over his untimely death.

To the bereaved parents the heart of the community goes out in sympathy. To have such a promising son cut off in the flower of his young manhood is a sorrow too deep for words to express. Its only compensation can be the memory that Paul had been a dutiful child, a good boy, a close student and that his activities in life, so far as they had gone, had been helpful and uplifting to those about him. He will be missed in the home, among his classmates at college, in the church and Sunday school and among his hundreds of friends in this city.

Besides his parents Paul left a grandfather, John A. Palmer; a grandmother, Mrs. Mary Hogue, and several more distant relatives. Funeral Tuesday at two p. m. Services by Rev. A. J. Randles of the Second United Presbyterian church. Interment at Oak Park cemetery.

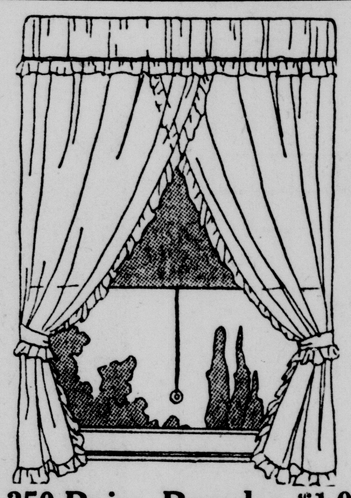

Balance Alleged To Be Due On Contract

Suit of John F. Powell against Paul Thompson is on trial today before Judge Chambers. The case is one in which Powell is seeking to recover a balance of 028.50 on a contract to remove some slag and do some excavating at West Middlesex. Among the items is a claim of Stanley Zeigler for wages due as watchman. Powell claims that Thompson was to pay one-half the wages of the watchman, the pay being at the rate of $5 per day.

Wife Is In Italy, Divorce Refused Pasquale Amabile

Claim She Refused To Come Here Not Sustained; Other Court Opinions

In an opinion handed down in court by Judge R. L. Hildebrand this morning a divorce decree was refused to Pasquale Amabile from his wife Nicolina Amabile.

The couple were married in Italy and had three children. Amabile came to America something over 12 years ago, promising to send for his wife and children when he secured work and was able.

In 1916 he claims that he sent his wife money for transportation but that she refused to come to America.

Recently Amabile asked for a divorce on the grounds of desertion. In refusing the decree the court holds that there is no authentic proof that Amabile sent his wife money to come or that she refused.

Amabile claimed that a letter of refusal received by him had been torn up. He brought in two witnesses whom he claimed had read the letter but there was nothing to show that they had ever known Amabile's wife or knew her signature. Even the refusal of Mrs. Amabile to come the court holds would not have been a valid reason for divorce on the grounds of desertion.

Other Cases.

In the case of the commonwealth against J. O. Rodgers charged with embezzlement by agent a motion by defendant to quash the indictment for the reason that each of the three counts was a distinct act of alleged embezzlement was overruled.

In the case of the Robinson Shoe Company against Jacob I. Levine, plaintiff's motion for judgment for want of a sufficient affidavit of defense, was made absolute and judgment directed to enter for the plaintiff in the sum of $72.79.

In the case of O. A. Knapp against R. A. Armstrong, defendant motion to strike off judgment entered on a lease was refused and the sheriff was directed to proceed with the execution which was stayed pending the motion. Defendant claimed that judgment was entered on the lease by confession without a statement of claim and without a waiver of the issue. This was a case in which the lessee had defaulted in payments and suit was brought for the full amount of the lease.

PASSENGER SHIP WITH 200 ABOARD SENDS S.O.S. CALL

been within four hours run of the distressed liner, according to Captain Henderson.

The Vestris flies the British flag and is owned by the Liverpool, Brazil and River Platte Line. Lamport and Holt are the managing owners.

She is a twin screw type, built in 1912 at Belfast, her tonnage being 10,494; length 495 feet; beam 60 feet; depth 28.7 feet.

The Radio Marine Corporation of America, which has maintained constant communication with the vessel, stated that even at the time of abandonment the Vestris' wireless operator had failed to give the nature of the ship's trouble, which was presumed here to be a fire in her hold.

In addition to the U. S. destroyer the radio company reported that several other ships, including the trans-Atlantic liner Cedric, were believed to be speeding to the scene of the abandonment.

All haste has been urged upon the vessels in view of the approaching storm, which is reported to be of proportions sufficient to wreak havoc upon the small lifeboats.

Aid Is Sent

Washington, Nov. 12.—The navy today ordered a vessel dispatched to the aid of the steamer Vestris, reported in distress off the Virginia Capes.

The order was sent to Admiral H. A. Wiley, commander of the United States fleet, who is aboard the battleship Texas off the Virginia coast.

Reaches Scene

New York, Nov. 12.—The Japanese steamer Ohio Maru has reached the scene of the sinking S. S. Vestris off the Virginia coast, according to word received by the Lamport and Holt Line, owners of the stricken vessel, at 12:30 o'clock this afternoon. The owners stated that although the 200 passengers had abandoned ship, the radio crew was still aboard and had switched to the emergency set. In addition to the Ohio Maru an unnamed ship was seven miles away.

The message said the Japanese vessel was "standing by".

Armistice Day Is Subject Of Speech

Capt. Melvin L. Craig Addresses Senior High Chapel This Morning

Armistice Day, as it was celebrated 10 years ago, and as it is celebrated today, was the subject of an address given before the chapel services of the Senior High school this morning by Captain Melvin L. Craig, officer in charge of the reserve officers' work of this district.

"When a soldier looks back over the hiatus between the first Armistice Day and today, it seems a long time, but again it does not seem a long time.

"The last war has taught us a great many things, but above all it has taught us the value of preparedness. If these United States had not entered the war just at the time that they did, I shudder to think of what might have happened. It was only through the heroic efforts of the United States soldiers, many of them mere recruits with but six weeks in training camps behind them that the war was won. We showed the people of Europe that this country was rich in something other than gold. We showed them that the milk of human kindness was worth more than our money.

"But we should never forget that the Allied forces held the line while America got ready. And that is a lesson which we learned from them: a lesson in preparedness."

Elks Plan Services For Deceased Members

Rabbi Menkes Will Speak At Memorial Services On December 2

Arrangements for the annual memorial service for deceased members of the New Castle lodge No. 69, B. P. O. E. to be held this year at the Elks home on Sunday, December 2 are now being made according to a statement by George W. Thomas, ruler of the lodge.

Mr. Thomas announces that J. Garfield Davis who is to be chairman of the meeting, has secured Rabbi J. B. Menkes of Temple Israel, a life member of the Bradford lodge No. 234 as the speaker of the afternoon.

This service is an annual feature of the local lodge, being held to pay honor to the members of the organization who have died during the past year.

The ceremony will open in the lodge room at the North Mill street home at 3 o'clock on the afternoon of December 2. It will be featured by musical selections by Emery's orchestra and vocal selections by Billy Williams, Jr., Harry Evans, George Anthony and Arthur Thomas. Miss Jessie Mockel will accompany them at the piano.

Ritualistic services at the gathering will be conducted by the exalted ruler Mr. Thomas.

Many Potatoes Are Imported From Maine

Pennsylvania Gets Seven Per Cent Of Pine Tree States Crop

By ARTHUR C. WIMER
Special Washington News Correspondent

WASHINGTON, D. C., Nov. 12. — Pennsylvania imports an annual supply of Maine potatoes averaging 1,925 carloads, according to the United States department of commerce. The State ranks third of the forty-eight in the amount of potatoes imported from Maine.

During the 1923-24 season, Maine shipped into the Keystone State a total of 1,524 carloads of potatoes. During the 1924-25 season the Pennsylvania imports increased to 2,303 carloads, but decreased to 1,950 carloads for the 1925-26 season.

Maine exports annually approximately 27,000 carloads of potatoes, according to the commerce department. These figures reveal that Pennsylvania takes about seven per cent of the total potato exports of the Pine Tree State.

Pennsylvania Gets 765 Acres Of Woods

Peter's Adventures in Animal Land

By Mrs. Florence Smith Vincent

LOST IN THE NIGHT.

"Luckily night was coming on and when it grew dark the funny fat Two-Legs gave up looking for the bird hat they had been pursuing.

"As for Golden-Collar he had taken great care to keep so far above them that not even the cleverest thrower of them could hurl a weapon near him. At last the Two-Legs gave up in disgust and muttering angrily among themselves slowly trooped off into the thick underbrush that Golden-Collar had noticed just beyond the marshy plain.

"Then and only then did Golden-Colar dare come down from his station in the clouds. And mighty glad was he to stand once more upon the solid earth and to stretch his feet and wings which had grown stiff from the cold air.

"'Dear me,' chirped he. 'This is a nice state of affairs! Here I have built myself a fine home thinking of course that I would be perfectly safe—that if I bothered nobody, nobody would bother me—and now comes along a troop of savage Two-Legs that try to kill me.

"'What for, I wonder? What have I ever done to them? Who were they anyhow? And what in this world ever became of that bird they were chasing? The ground must have opened and swallowed him up!'

"'Haw! Haw!' croaked a hoarse voice near at hand. 'That is the funniest thing I have ever heard. How could the earth swallow one up I should like to know?

"'Ouch! I never should have laughed so loud I have strained my chest I guess!'

"Golden-Collar flirted about and peered through the gathering dimness at the speaker but saw not a thing.

"Then slowly from behind the hummock on which he had built his house appeared a shape that gradually took the form of a bird. Golden-Collar went hastily toward the stranger.

Fighter Does Not Succumb to Cold!

Army men learn to take care of themselves, and they don't pamper colds like many civilians. They knock them out between morning and night; with a compound that comes in plain, pleasant-tasting tablets. No trouble to carry, and so easy to take; but amazingly efficient, as you'll find out!

Pape's Cold Compound works so quickly, you'll think it luck the first time. And stops grippe or "flu" if you give it time and take several tablets. Pape's way of stopping colds is worth remembering, so remember the name; 35c at druggists—they all have it.

Naval Advocates Fight To Enact Cruiser Measure

"Big Navy" Advocates Take Cue From Coolidge Speech Today

TIRED OF BICKERING DECLARES PRESIDENT

Hope To Jam Through Cruiser Building Program At Coming Session

(International News Service)

WASHINGTON, Nov. 12.—Taking their cue from President Coolidge's armistice speech before the American Legion, congressional "big navy" advocates mustered today to jam a cruiser building bill through congress.

The president served notice that America was tired of bickering with Europe over naval disarmament which was not equitable to the United States and intended to build more cruisers to put the American navy on a parity with the British. He pointed out that the British cruiser program called for 58 ships against 40 for the United States.

Big Ships Required.

"We have not only a long coast line, distant outlying possessions, a foreign commerce unsurpassed in importance, and foreign investments unsurpassed in amount, the number of our people and the value of our treasure to be protected, but we are also bound by international treaty to defend the Panama canal," said the president. "Having few fueling stations, we require ships of large tonnage, and having scarcely any merchant vessels capable of mounting five or six-inch guns, it is obvious that, based on needs, we are entitled to a larger number of warships than a nation having these advantages."

This was a reply to the British who, at the Geneva naval conference, insisted upon limiting the type of ships America desires.

To Avoid Squabbles.

He declared that had America accepted the Franco-British naval accord, "the French army and the British navy would be so near unlimited that the principle of limitations would be virtually abandoned."

The speech also dealt with war debts and the anti-American spirit existing abroad. He said America reaped no benefit from the World war and ridiculed the charge that the United States, by insitsing upon collecting a portion of the war debts, was a "Shylock".

Again he reiterated that this country would keep out of old world intrigues and squabbles.

New Wave Lengths Arouse Local Fans

Many Local Radio Fans Not Satisfied With New Allocations

Judging from reports received, so far, relative to the new wave-lengths and powers just made effective by order of the Federal Radio Commission it is evident that quite a number of the radio fans in this district are not satisfied with the reception of some of their favorite radio stations.

In an interview with J. E. Moorhead, President of the Radio Dealers Association, we find that many calls have been received by local dealers relative to the situation at the present time, some complaining that they could not get WCAE in Pittsburgh or WTAM in Cleveland, both of these stations being popular in this district.

According to Mr. Moorhead, the radio listening public should be patient and not expect such a drastic change in wave-lengths and power to be changed over night and be in perfect working order immediately. It will take possibly a week to complete re-construction and adjustments necessary to carry out the change ordered by the Federal Radio Commission. Stations must be realigned for wave "sharpness" and for clear modulation. The Federal Radio Commission has promised hearings on all complaints after a reasonable time has elapsed where the revised wavelengths mar reception. Bear in mind one thing, one can only listen to one station at a time the same as one can attend one theatre at a time.

If the radio manufacturers, the broadcasters and the dealers are optimistic, with the enormous amount of capital which they have tied up in the business, the radio owners with the investment of one set should not be alarmed at the situation. Everything is all set for the best broadcasting season which we have ever had, and if the radio owners will study carefully the new wave-length allocations and remember that some stations that formerly had 3500 Watts of power have now been reduced to as low as 500 Watts, they will eventually commend the Federal Radio Commission on the enormous task which they have undertaken.

One other point to remember is that after darkness now we have only 165 stations on the air at any one time, where, formerly, there were approximately 350. Many of these stations, however, are beyond normal receiving distance and, therefore, you may only occasionally, in good weather conditions, receive them.

Officers Make Number Of Raids

Charge Operation Of Disorderly Houses In Number Of Cases

County and city authorities had a busy time of it Saturday and Sunday night in raiding alleged disorderly houses in the South Side of the city. Numerous arrests were made.

Place of Mrs. Tillie Plonko, 1209 Howard Way, was visited Saturday night by County Detective William Fleming, Constable A. S. Leslie and Officers Thomas and McMullen. Five visitors were arrested. They put up forfeits of $10 each for their appearance, which proved to be $10 fines for all who appeared Sunday morning.

Place of Ed Smith, 121½ West Washington street, was visited by Lieutenant Hillers, Officers J. Young, Moore and Flinner on Saturday night and the proprietor and twelve visitors arrested. Smith paid a fine of 50 and the visitors $10 each.

Katy Cubik, rear 1008½ South Jefferson street, and eight visitors were arrested Saturday night by Lieutenant Hillers, and Officers M. J. Young and Dukes. A fine of $25 imposed on the proprietress was suspended, while the eight visitors failed to appear for their ten dollar forfeits.

Officers Thomas, McMullen, Moore, Flinner, Kennedy and Thompson visited the place of Albert Hall, rear 818 South Jefferson street, Sunday night, arresting Hall, his wife and two male visitors. Hall paid a fine of $10 as keeper of a disorderly house, while his wife paid $5 as an inmate. The visitors forfeited $10 each.

City officers answered a call to the place of David Carson on Bridge street Sunday evening, arresting Carson as the keeper of a disorderly house and two male visitors. They were each assessed fines of $5 with the alternative of five days in jail. The indications are that the jail sentence will prevail.

Ask Councilmen If City Assessor Has Police Powers

Councilmen Hear That Assessor Threatened To Make Arrest At Home

Councilman Clayton H. Reeves today during council meeting in city hall questioned colleagues concerning the police power of the city assessor and it is probable that Solicitor Robert White will provide the councilman with an answer.

Reeves stated during council session that he had been called by William Knox, 1602 Delaware Avenue, and advised that the assessor had threatened to make an arrest when a housekeeper for Knox refused to admit Assessor Bion Cover for an investigation.

It was reported that new improvements had been made and Mr. Knox was absent at the time and the housekeeper refused to admit Cover. Today Reeves stated that he had been advised that Cover had threatened to make an arrest and asked: "Has he power to do so?"

Reeves stated that at the time the assessor desired to make an examination in order to make the assessment Knox was absent and the lady did not feel at liberty to admit him.

Mayor Gillespie replied to Reeves stating that it is his belief the city assessor has the power to make an arrest when denied admittance. Councilman Burns said he did not know the assessor's exact power.

Burns said he also had been called and Councilman Tyler told colleagues that, as Cover's duties are under Burns jurisdiction he should handle the case, getting the facts from both parties.

Burns followed this with the statement that the wife of a city employe had objected to her husband drinking on city property.

"That was called to my attention and I took it up with the man" said Reeves. He said the man had denied drinking on city property.

"If the man has been drinking on city property or time I cannot find it out" Reeves added.

"Everybody should be given instructions that there is to be no drinking while employes are on duty" said Burns.

High Gridders At Geneva Game Today

A. C. Edgecombe, graduate manager of athletics at Geneva college, today invited the New Castle high school football squad to be the guests at the Geneva-Allegheny grid game in Reeves stadium this afternoon.

Coach Philip H. Bridenbaugh and Faculty Manager Ralph H. Gardner took the New Castle squad of 25 players and student managers to Beaver Falls for the game. William "Bill" Klee and George "Gig" Thomas, former Geneva stars, were to view the game today also as special guests.

Hartley Given Good Promotion

Becomes Division Engineer Of Long Island Railway System

SUCCEEDED HERE BY C. W. VAN NORT

John G. Hartley, division engineer of the Erie and Ashtabula division of the Pennsylvania railroad in this city during the past six years, left New Castle last night for Jamaica, N. Y., where he was called Saturday to become division engineer of the Long Island railroad. Mr. Hartley assumed his new duties this morning, the announcement at E. & A. divisional offices said.

Mr. Hartley came to the local office from the Pittsburgh division as division engineer in December, 1922. Since that time he has been active in all civic propositions, aside from the railroad position which he held. He was a member of a local Masonic organization and the New Castle Field club, and held a deep interest for all community projects that functioned for the betterment of the city.

Mrs. Hartley and her son, Ferris, have likewise been active in local circles. Especially so has Mrs. Hartley been prominent in which affairs and work of the Pennsylvania Women's Aid, while Ferris has been a member of one of the local Boy Scout troops.

As the Hartleys are originally from the east, it will only be a return to their native section when the entire family moves to Jamaica to take up residence there. They will leave as soon as new quarters can be arranged. During the time they have lived in this city their residence has been on North Jefferson street.

Although the Hartleys' many friends in this district regret their leaving, it is only with sincere good wishes for further success that they bid Mr. Hartley and his family farewell. His promotion was well deserved.

It may also be interesting to some to know that J. F. Patterson, formerly superintendent of the E. & A. division in New Castle, is the general manager of the Long Island railroad company. Mr. Patterson left in 1923.

Following the announcement of Mr. Hartley's promotion Saturday evening, members of his immediate engineering force gathered at the Hartley home and presented him with a handsome traveling bag.

It was announced in connection with Mr. Hartley's appointment to the new position that C. W. Van Nort of the Pennsylvania railroad's eastern region will arrive in the city sometime today or tomorrow to succeed Mr. Hartley as division engineer of the E. & A. division. He will assume his duties Tuesday afternoon.

Old Folks Say Doctor Caldwell was Right

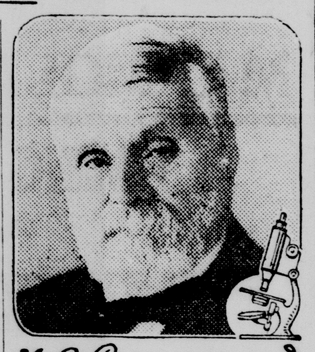

The basis of treating sickness has not changed since Dr. Caldwell left Medical College in 1875, nor since he placed on the market the laxative prescription he had used in his practice, known to druggists and the public since 1892, as Dr. Caldwell's Syrup Pepsin.

Then, the treatment of constipation, biliousness, headaches, mental depression, indigestion, sour stomach and other indispositions that result from constipation was entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of Dr. Caldwell's Syrup Pepsin, which is a combination of senna and other mild laxative herbs, with pepsin.

The simpler the remedy for constipation, the safer for the child and for you, and the better for the general health of all. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with strong drugs?

A bottle of Dr. Caldwell's Syrup Pepsin will last a family several months, and all can use it. It is good for the baby because pleasant to the taste, gentle in action, and free from narcotics. In proper dose, given in the directions, it is equally effective at all ages. Elderly people will find it especially ideal. All drug stores have the generous bottles.

We would be glad to have you prove at our expense how much Dr. Caldwell's Syrup Pepsin can mean to you and yours. AGE NO BARRIER TO GREAT POWER OF NEW KONJOLA

Grateful Citizen of New Castle, Age 77, Reports Amazing Results From Three Bottles of New Medicine.

MR. JOHN B. HUNTER.
(Photo by Seavey's Studio, E. Washington St.)

Years are no barrier to the health-giving powers of Konjola, the new medicine, and all over the land young and old, the child and the men or women in the seventies and eighties blend their voices in the praises of this supercompound for ills of the stomach, liver, kidneys and bowels, and for rheumatism, neuritis and nervousness. Just how Konjola can succeed where all else fails; how it triumphs when other medicines and treatments are dismal disappointments, is being explained by the Konjola Man, who is at the Love & Megown drug store, 204 Washington street, New Castle, daily. There he is meeting all who suffer, and who come to know about this wondrous medicine about which everyone is talking. He has a message of hope and cheer for all who suffer; not mere words and glibly spoken promises, but actual facts in the astonishing history of this super-medicine.

The files of Konjola fairly overflow with statements like this one from Mr. John B. Hunter, 309 Croffer street, this city, who said to the Konjola Man a few days ago:

"I thought that at my age, 77, and after trying in vain to find relief from stomach troubles in no end of medicines and treatments, that my case surely must be beyond relief. But this splendid Konjola proved to be the very medicine I had always needed, for it gave the first and only relief I ever had from my distressing condition. For years my indigestion grew worse, and as I got no benefits from the food I did manage to eat, I felt my strength and vitality ebbing fast. I am a mechanic, and my work requires a certain amount of physical strength. I realized that something must be done, but what was it to be? I had tried everything.

"What I read and heard about Konjola impressed me, and I mustered up enough hope and courage to take a chance on another disappointment. But Konjola gave me a real surprise party. No one can imagine my amazement and happiness to find my indigestion gone after I had taken only three bottles of Konjola. I could scarcely believe that I, who had suffered so long, could sit down and eat the foods I had to deny myself for so long. Konjola not only drove my stomach troubles away, but toned my liver, kidneys and bowels, and is now acting on my system as the most wonderful tonic I ever struck. Any medicine that can do this for a man of 77 surely deserves to be known as the Master medicine."

Konjola, though it contains no alcohol, nerve-deadening drugs or heart-depressing chemicals, soothes the nerves, enriches the blood-stream, banishes pain, cleanses the system of poisons, and aid Nature to restore lost health. Results from Konjola come to stay; Konjola is not to give mere temporary relief.

Konjola contains juices from 22 plants—more than other medicines. It is a new compound that works with the sufferer's food, restoring more healthful action to the important organs (stomach, liver, kidneys and bowels) and producing new energy and glorious health in a natural way, thru the entire inner-system.

Attempt To Collect Balance Alleged To Be Due From Smith

Suit Growing Out Of Sale Of Banner Foundry Company Of Akron On Trial

Suit of the Guarantee Mortgage company of Akron, O., use of W. A. Garver against C. Ed Smith, Jr., of this city, was taken up at court this morning before Judge Hildebrand.

The case grows out of the affairs of the Banner Furnace company of Akron in which W. A. Garver, P. T. McGugan and C. Ed Smith, Jr., were interested.

When the company became involved in financial difficulties an attempt was made to borrow $35,000 from the Guarantee Mortgage company on the Akron plant. The company would not loan that amount without additional security.

Garver and McGugan have second mortgages on properties in Akron and claim to have had an agreement with Smith to stand one-third of any loss, provided the plant had to be sold, and the mortgage company tried to collect on the second mortgages. Smith did not have any property in Ohio, and so could not give a second mortgage there.

The properties of the other two in Ohio had to be sold to liquidate a claim of $14,514.33. It is claimed that under the agreement all three were to pay their proportionate share of the indebtedness over and above the amount that would be received from the sale of the plant on the first mortgage. The amount that is now being sought from Smith is $4,838.12.

Welsh Evangelist Will Visit City

Rev. John Thomas, Noted Welsh Evangelist, At Tabernacle Wednesday

RECORD CROWDS AT SERVICES SUNDAY

Rev. John Thomas, Welsh evangelist from Chicago, who is passing through New Castle during this week will halt for sufficient time to preach to the crowds at the Wednesday evening services at Everybody's tabernacle located at the corner of South Mill and friendship streets according to the announcement made by Rev. C. H. Erickson, evangelist conducting the services at that place.

The announcement came as a surprise to the crowds, as the noted Welsh evangelist is well known in this section. He will be here for the one service which will take place Wednesday evening November 14. The service will start at 7:30 p. m.

At the regular Sunday service which took place last night in the tabernacle some 2,000 persons were in attendance. The entire auditorium of the tabernacle was filled and many were forced to stand during the entire service.

Rev. C. H. Erickson preached an Armistice day sermon, using however his Armistice theme at the battle 1,928 years ago when Christ declared peace throughout he world. "This was the greatest of any Armistice" stated the evangelist regardless of how great others have been.

Rev. Erickson stated that he himself could vouch for the importance of the Armistice which we observe now as he was a member of the United States army during the war.

The evangelist chose as his text for the sermon the passage of scripture contained in John 12 the 32nd verse wherein it states that all men would come unto Christ.

Christ did not die as others do in battle" stated the evangelist. His death was not the same as that of others. Christ gave His life that others might be saved. He gave is voluntarily and planned that He would do so. His was a different death.

"Jesus brought epace to the earth some 1,928 years ago. It was the first great Armistice and was undoubtedly the greatest Armistice that has ever taken place."

Rev. Erickson then quoted various passages of scripture concerning the death of Christ and regarding the work of Christ which terminated in his death, amply proving that His was no ordinary death and that His victory caused the greatest Armistice for peace that was ever made.

This marked the first Sunday service of the evangelist's eighth week in the city. There will be no services tonight in the tabernacle. Monday, as custom is the day reserved by the evangelistic party for a rest day. However this evening the party has volunteered to have a service in Warren, O., and will be at that place tonight.

On Tuesday morning A. E. Talbert, member of the quintet will have charge of the services at 10:30 which will take place in the Christian Missionary Alliance church on Pearson street. All of the morning services are being held there during the cold weather in order that a warm meeting place may be a certainty and on account of its central location.

The regular services will take place in the tabernacle during the entire week.

At the service Sunday evening some 30 persons came to the altar for salvation. To date the number who have given themselves to God number 500, states the evangelist and an effort is being made to get the same number within the next two weeks.

ADVERTISING FACTS

Men with goods to sell, who realize that truth, simply and understandably stated, is the most attractive selling argument, are the ones who get the most customers. The day of the fraudulent, catch-penny advertisement has long past. People are more guided by advertising than they ever were, but they are also smarter and more discriminating. We are a nation of advertisment readers. Whatever literary men may think of this practice it has accounted largely for our material progress and well being.

* * *

A THOUGHT OF EDUCATION

Dr. Albert Edward Wiggam, who thinks more than most of us, says intelligence is what enables a man to get along without education; and education is what enables him to get along without the use of his intelligence. What a wonderful thing for this world of men and women it would be if we could get the right sort of education for the most intelligent members of the race.

The discovery and training of genius should be the supreme work of education. We build school houses freely but much of our so-called education is wasteful and cumbersome. Training for leadership is vastly the most important thing we can do.

* * *

A WAY OUT

Psychologists sometimes prescribe the reading of detective stories as an escape from the realities of life. Instead of being made nervous the average normal person is soothed and rested by a mystery story. Unreality is an escape, a way out, from reality. President Wilson used to say he could hardly have lived through the war if it had not been for mystery stories.

Most of us, of course, are too eager to find escape from reality, a way out of life's various situations. We prefer escape to adjustment. Adjustment is better because it is more durable.

BETTER CITIES

Frederick M. Thrasher is the author of "The Gang." His book is a study of gangs in Chicago. He is also familiar with the history and habits of gangs elsewhere. Today in New York a gang to be succesful must depend upon the efficiency of its methods rather than upon police leniency or protection. The downfall of gangs of criminals began in New York under the administration of Mayor John Purroy Mitchel. Their suppression has been continued by Mayor Walker and his police commissioner. The progress that has been made in cleaning up New York and lowering the volume of criminality should be a lesson to smaller cities.

Parents Happy When Baby Sleeps Soundly

Here's a way to soothe crying, wakeful babies to sleep quickly and easily. It's the way doctors endorse, and millions of mothers have proved is safe and harmless. A few drops of purely-vegetable, pleasant-tasting Fletcher's Castoria, has the most fretful, restless baby or child asleep in a few minutes! And for colic, constipation, colds and upset spells, there's nothing like Castoria. The Chas. H. Fletcher signature is the mark of genuine Castoria. Avoid imitations and be safe.

BOY SCOUT Activities

FIRST PRESBYTERIAN

First Presbyterian troop No. 17 held its regular meeting Friday, November 6, at 7:30 p. m. in the First Presbyterian church. Scoutmaster Edward Schmid and Assistant Scoutmaster Melvin Grey were in charge of the meeting. There was a good attendance. The officers of the "Scouts club" are John Rudolph, president; Robert Magill, secretary, and William Ice, reporter.

Reports of good turns were given and games were played.

The meeting was adjourned by taps Star Spangled Banner and the scout oath.

Scribe, William Ice.

NEW WILMINGTON SCOUT NEWS

The New Wilmington troop No. 1 held its meeting on Thursday evening, November 8, instead of Tuesday evening, the regular meeting night, because the city hall was being used on that night. There was a very good attendance. The meeting was opened by the color ceremony, the scout sign and motto. This was followed by a patrol leaders' meeting.

Scoutmaster Jack Hulme was in charge of the meeting. The troop court of honor will be held in the near future.

Candidates Russel Minner and Robert McCaslin passed their tenderfoot tests and said the scout oath before the troop.

The troop was treated to a box of fudge, which was enjoyed by all.

The next meeting will be held Tuesday evening, October 13. All scouts are requested to be present at this meeting.

Hen Lays 247 Eggs During One Year

Record Of Girard Man's Hen Has Never Been Surpassed

(International News Service)

ERIE, Pa., Nov. 12.—A white leghorn hen, owned by Theodore Wirtman of Girard, has estabilised an egg-laying record that has never been surpassed in the United States, according to Paul Crossman, Erie county farm agent.

The hen, known as "Leading Lady," has established the record of laying 347 eggs. This record has been surpassed, Crossman said, only by a hen in Canada with a record of 348 eggs and another in Australia with a record of 353 eggs.

According to Crossman, the hen began laying when she was a six-months-old pullet, making another record by laying 175 eggs in as many days. The eggs averaged 24 ounces to the dozen which is standard weight.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

For a place to roam around, pick out the Greensburg football field on a day like last Saturday. Literally, the roaming was all wet. The field resembled a bowl of lentel soup and the area on both sides of the playing field was as bad. It was snowing and raining together and all together it was as miserable a day as you might want to see.

The folks take their football seriously in Greensburg. Nearly as seriously as we do in New Castle. Everybody is a rooter for the high school team and just suggesting that they might lose is considered lese majeste.

As the game neared the close of the first half the team doctor for Greensburg remarked that the New Castle lads were about fagged out and that from then on Greensburg would romp in.

My suggestion that the New Castle lads hadn't got their second wind yet didn't go over nearly so big, but Tommy Harper verified my statement when he took the kickoff in the second half and ran through the Greensburg team like a load of wheat down a chute.

Nice town Greensburg. Especially if your brakes are not what they should be. You are either going up or coming down a hill on every street. The drive over was a test of driving a car with a peek hole through the snow covered windshield.

The curves between Butler and Greensburg resemble a corkscrew and Saturday saw some cautious driving. Wet brakes, wet roads, half covered windshields all went to make for careful driving and 35 was speeding.

Listened to President Coolidge last night. So did you if you were near a radio. The president spoke from Washington, D. C., at an Armistice Day program sponsored by the American Legion. Cal hasn't got the best voice in the world, but what he said had meat in it.

Here is just a tip if you care to use it. The Thanksgiving football game between New Castle and South high of Youngstown will attract a capacity crowd. If you want a seat better get it now. Youngstown is all smoked up about it and Saturday I got a wire from a Cleveland friend asking for 10 reserved seats for a party. If you want to get poor seats wait for a few more days and you'll get standing room.

Episcopalians To Select Coadjutor

Meet In Philadelphia December 18 To Make Third Choice For Post

(International News Service)

PHILADELPHIA, Nov. 12.—Twice disappointed when the nominee rejected the post, delegates of the Protestant Episcopal Diocese of Pennsylvania will meet here for the third time on December 18 to select another nominee for the post of coadjutor to Bishop Thomas J. Garland of this city.

Bishop Edward M. Cross of Spokane, Wash., selected on October 2, rejected the post which had been previously rejected by Dr. Henry K. Sherill of Boston, who was named to fill the post in May at the regular convention.

Fat Comes at 40

to most people—for this reason

At about the age of 40 most men and women take on fat. Medical men know the reason. At that age the thyroid gland often loses power. That gland largely controls nutrition. One of its functions is to turn food into fuel and energy. The food goes to fat when it weakens.

The modern method of treating obesity aims to correct that deficiency. Physicians the world over employ it.

That is the method embodied in Marmola prescription tablets. People have used them for over 20 years. That is one reason why excess fat is far less common than it used to be.

The Marmola prescription has been perfected by one of the greatest medical laboratories in the world. It is used by countless people to bring weight down to normal, in a scientific way. You see the results in every circle, in youthful figures, new beauty, new vitality.

Every box contains the formula—complete. Also the reasons for the good results. When you see the fat depart, you will know exactly why.

Try this method. No abnormal exercise or diet is required. The object is to feed the system what a gland fails to supply. Watch the fat depart, day by day, the new vitality return. You will be amazed and delighted.

Don't delay. A normal figure means much to you. Go get Marmola now. See what the first box does.

Marmola prescription tablets are sold by all druggists at $1 per box. If your druggist is out, he will get them at once from his jobber.

ASPIRIN

The whole world knows Aspirin as an effective antidote for pain. *But it's just as important to know that there is only one genuine Bayer Aspirin.* The name Bayer is on every tablet, and on the box. If it says Bayer, it's genuine; and if it doesn't, it is not! Headaches are dispelled by Bayer Aspirin. So are colds, and the pain that goes with them; even neuralgia, neuritis, and rheumatism promptly relieved. Get Bayer—at any drugstore—with proven directions.

For Better and Cleaner Heat Burn Youngstown Domestic

COKE

Coal in its most efficient form

IF you have never burned coke you can't realize how much better and cleaner it is than coal. Once you have burned coke you will never return to coal.

Coke will give you a greater degree of heating comfort than can possibly be obtained with coal. It burns slowly with a hot, uniform bed of fire which is not continually flaring up and dying down. It requires less "furnace tending"—less stoking, less shaking down, less draft adjustment. It is a cleaner fuel because the smoke and soot-forming elements and other volatile matter have been removed.

For better warmth with a new degree of cleanliness burn coke—Youngstown Domestic Coke.

(International News Service)

NEW YORK, Nov. 12.—Following an investigation of the fire that destroyed Rev. John Roach Straton's hotel at Greenwood N. Y. police today announced that no evidences of incendiarism had been found, although the minister had expressed the belief that his enemies had fired the $50,000 structure.

Establish Five Tonsil Clinics

State Health Department Operates On 68 Indiana County Children

INDIANA, Pa., Nov. 12.—Within the last few months the county medical director and chief of county clinics of the Pennsylvania department of health have held four free tonsil clinics here.

Periodic school inspections conducted under the supervision of school physicians and the two state nurses for Indiana county uncovered the need of these free clinics.

Inspections revealed that many more cases of diseased tonsils than could be cared for at the Indiana hospital were existing. As a consequence, clinics were established at Saltsburg, Blairsville, Plumville, and Armaugh.

Since these four clinics have been operating, 68 school children have been operated upon, it is reported.

Cooperating with the free clinics, Indiana specialists and other members of the medical and nursing profession have contributed their services.

No More Piles

Thousands Bless Dr. Leonhardt, the Specialist Who Discovered This Common Sense Remedy

If you think that the surgeon's knife is the only method of escape from the misery of piles, it's because you haven't heard of the internal treatment known as Dr. Leonhardt's HEM-ROID.

J. S. Leonhardt, M. D., a specialist, set at work some years ago to find a real internal remedy for piles. He succeeded. He named this prescription HEM-ROID, and tried it in 1000 cases before he was satisfied. Now HEM-ROID is sold by druggists everywhere with money back guarantee. It is easy to take, and McKee's Kut Rate Store, Eckerd's of New Castle, Inc. will gladly refund the purchase price to any dissatisfied customer.

Simple Treatment for Rheumatic and Muscular Pains

If you suffer from Rheumatic or Muscular Pains in the back, chest or limbs, make this 30-minute test at our risk. Congestion (lack of blood flow) is the usual cause of pains in the muscular tissues. Hoffs Liniment, a powerful penetrating stimulant, brings a quick flow of blood to the painful area, relieving congestion and resulting pain. So confident are the manufacturers of Hoffs Liniment, that it will do for you what it has done for thousands of others, that they have authorized all responsible druggists to promptly refund the full purchase price of 30 cents if it does not give you quick relief. Ellwood City High And New Brighton In Deadlock 7 To 7

(By TONY PASTA)

ELLWOOD CITY, Nov. 12.—Ellwood City High and New Brighton battled to a 7-7 deadlock on the Lincoln field Saturday in an exciting contest. Both of these elevens played a tie with Aliquippa, making it a triple tie between these teams.

Although the blue and white outplayed the valley lads she failed to score when the opportunity came. But this was also true of New Brighton who is the very first few minutes of play threatened by advancing the ball within three yards of the goal line.

Willie Justine ran almost seventy yards in the third quarter but the ball was brought back to the 45 yard line, the officials claiming he stepped out of bounds. There was some doubt about this decision. It was not until the final period of play that the Tubers rallied to score. Dickie Freidoff, who substituted for Segedi, skirted the end for fifteen yards to score.

Ellwood kicked off and the dangerous pair, Dysson and Fair pulled one of their favorite passes on the very first play and made 25 yards. Several attempts to gain throng the line failed to net any ground and forced New Brighton to kick. The pigskin landed a few yards from Ellwood's goal line and a bad kick returned the oval to the crimson and gold just three yards from the scoring point. With four chances to score the valley team failed to pierce the strong defense put up by the blue and white.

With the ball in their own goal line Ellwood immediately punted out of danger. Duncan recovered a blocked punt and after Justine ripped off fifteen yards for a first down the blue and white was finnally forced to kick. The punt was blocked and recovered by Fair to near the center of the field. This was followed by a pass netting a first down. Another pass failed but on the next try a pretty pass, Dyson to Fair netted almost forty yards taking the ball over the goal line. New Brighton failed to kick over for the extra point but was granted the tally due to Turner being off side. This practically ended the first quarter as the crimson and gold kicked off.

Lee's warriors were soon forced to punt and Justine recovered a fumble on the first play but the oval was returned to the valley eleven as the official had blown the whistle before the fumble occurred. On the following play King intercepted a forward pass giving the Tubers the ball. In an attempt to make first down Lee's gridders lost the pigskin on downs. Two punts were exchanged neither team gaining any ground but when New Brighton kicked again Ellwood began a march up the field. A pass, Fanno to King, netted fifteen yards. King and Justine collected a first down and another was added by Segedi. With the ball less than ten yards from scoring distance Ellwood failed to carry it over the line and lost the oval on downs. New Brighton quickly kicked out of danger. The half ended with the blue and white in possession of the ball on the opponent's 15 yard line.

Coach Heider's eleven kicked off in the beginning of the second half. King and Justine netted a first down but did not gain enough in the next four tries and lost the ball on downs. Dyson soon kicked and the blue and white again started toward the opponent's goal. Justine and King gained ten, Fanno ripped off twenty more and Willie and King followed with ten more. Three more attempts failed to make another first down and in a final push a pass, Justine to Fanno, was completed but lacked enough to make first down and the Tubers lost the oval having advanced it within two yards of scoring distance.

Dyson punted out of danger and Ellwood failing to gain did the same. A pass netted 20 yards for New Brighton but on the next play Segedi intercepted a pass. Justine brought the crowd on their feet on the first play by running almost seventy yards and crossing the goal line. It was a pretty piece of work but a damper was put on it by the officials when they claimed he had stepped out of bounds near the forty-five yard line. The quarter ended as Ellwood punted to the fifteen yard line.

It was the last quarter and New Brighton still maintained a 7-0 lead. Both teams continued to punt failing to gain. Up until this time neither eleven had substituted but Lee had now sent in Freidoff to replace Segedi and matters seemed to brighten up for the blue and white. On the second punt Ellwood recovered on the fifteen yard line but again lost the ball on downs a scant four yards from the opponent's goal.

Dyson made a bad punt and Ellwood accepted it less than twenty yards in the crimson and gold's own territory.

Then the fireworks began. Freidoff skirted the end for the whole distance and brought the score to 7-6. The crowd went wild as Fanno prepared to kick over for the extra point but he surprised the opposing eleven by making a pretty pass to King to secure the extra point and tying the score. The remainder of the game was uneventful although when the the whistle blew Freidoff had intercepted a pass and the blue and white was advancing toward the goal line again.

The contest was one of the best ever staged this season on the local grounds and furnished the crowd with plenty of thrills. Justine, King and Freidoff performed brilliantly for the blue and white while Dyson and Fair were the outstanding players for the visitors. Turner and Smith were a continual menace to the valley lads and broke through the line quite often. The former was not expected to start the battle but rounded into shape in time to begin. Ellwood was also strengthened to some extent by the return of Duncan at left tackle.

Next Saturday another valley eleven, Rochester, will invade Ellwood. Rochester claims a strong aggregation this year and shows a good record thus far. Beaver Falls and Mars claim victories over this eleven but the former was only able to collect a 12-0 victory. On Saturday they swamped the strong Monaca team by a large margin of 24-0. Almquist, quarterback, is to Rochester, what Dyson is to New Brighton and is a triple threat in that he is a good runner, kicker and line plunger. The blue and white will have to keep an eye on this lad if they want to win.

E. C. H. S. has shown a great improvement in their playing and should give Rochester a real battle. Lee's squad is showing the valley elevens that dope can be upset and are playing a fine brand of football. If they can continue to produce the same calibre as exhibited against Aliquippa and New Brighton they will certainly make their presence felt.

Saturday's lineup:

Wheels Of Congress Start Functioning

Long Before Congress Opens On December 3 Inquiries Will Be Started

Probes Laid Aside During Presidential Campaign Are Taken Up Again

By WILLIAM S. NEAL
International News Service Staff Correspondent

WASHINGTON, Nov. 12.—The wheels of congress will be turning long before the gavel sounds for opening of formal sessions on December 3, a survey disclosed today.

Committees and legislative experts already are planning to begin work within the next two weeks and have legislation ready to lay on the lap of congress on the opening day.

Sen. Smith W. Brookhart (R) of Iowa, is expected to summon his subcommittee investigating abuse of federal patronage in the south into session to complete the inquiry.

To Resume Probe.

Before laying aside the investigation to campaign for Herbert Hoover, Brookhart declared that he would resume activities after election and keep at it until "the whole southern situation is cleaned up".

With testimony already before the commitee showing that postoffice jobs in the south have been sold by political leaders, Brookhart is understood also to have a confidential survey made by Postmaster General New disclosing other abuses.

The committee's work has been both attacked and defended as an effort to end domination of Republican politics in the south by negroes and to install instead a new "lily white" leadership.

Committee to Meet.

The house campaign funds committee will meet November 15 and Sen. Steiwer (R) of Oregon has tentatively set November 19 as the date for convening the senate committee.

The work of framing new appropriations will provide the $4,000,000,000 needed to run the government next year will be started by house subcommittees within the next week.

Rep. Albert Johnson (R) of Washington, chairman of the house immigration committee, announced that the committee will meet before congress convenes to prepare a new bill for deportation of undesirable aliens, to consider a bill placing Canada, Mexico and Latin-America on the quota system and other measures.

Many Are Active.

A study of unemployment conditions may be undertaken under the leadership of Sen. Couzens (R) of Michigan, chairman of the education and labor committee.

Renewal of the senate public lands committee investigation of the Salt Creek oil field lease to the Sinclair interests—declared illegal since the adjournment of the last congress by the attorney general—probably will await convening of congress.

Sen. Nye (R) of South Dakota, chairman of the sub-cimmittee, said that investigators have uncovered important information which will be laid before the committee before the legislative grind gets well under way.

The Waterman sub-committee handling the Vare-Wilson contest for Pennsylvania's vacant senatorial seat may also meet before congress convenes to frame its report.

Beats Quinine For Colds

RELIEF IN 30 MINUTES

Quinine causes roaring head, pimples, nausea. And it ISN'T the best treatment for colds or grippe. If you want to lose that achey, draggy feeling in a hurry, if you want your cold to fade overnight, try Laxa-Pirin. It contains aspirin, laxatives and other valuable elements. No quinine. Ex-Service Men's Annual Dinner Sunday Night

Twenty-Five Or Thirty Gather At Unique Dinner Event At Elk's Home

Some of the scenes of the World war were re-enacted Sunday evening in the Elks home when 25 or 30 ex-service men got together for the annual dinner.

This dinner is peculiar in that there are no invited guests. Any ex-service man who wants to go just goes and that's that, and the going is always one that he remembers.

Dr. R. C. Lutz ,who had quite a pull in Camp Hancock, Ga., as a first lieutenant of the dental corps during the war,w as selected as the toastmaster and needed no nitrous Oxide gas to relieve the pain.

Everybody made a speech, fact is everybody had to, and a compilation of all the stories would show the cream of the stories told in 1918.

The party broke up in good order with everybody promising to be back next year, barring any difficulties in the way of removals, jail sentences or financial embarrassment.

Governor Smith Far From "Broke" Friends Declare

Some Say Governor Smith Will Be Millionaire In Very Few Years

(International News Service)

ALBANY, N. Y., Nov. 12.—Reports that Governor Al Smith is "broke" today gave his close friends at the capitol something to laugh about. These friends would not be surprised to see him a millionaire within the next few years.

Governor Smith isn't a rich man, but he is far from being "broke", according to his confidantes.

Al Smith might have had to worry about his financial condition today had it not been for the fact that he served for two years as sheriff of New York county. Back in 1915 when Smith was elected sheriff of New York that job was rated as one of the best paying public offices in the United States. It was a fee office then and report has it that Smith collected anywhere from $100,000 to $300,000 a year during the two years he was sheriff.

Poppy Day Sales Net About $1200

Exact Amount Not As Yet Known; Appreciation Ball Is Planned

Although the exact total of the Poppy Day drive is not yet available, General Chairman R. Loy Boyd stated today that it was about $1216.00. This represents the work of the Senior High School girls who canvassed the streets so energetically on Saturday, November 10 in spite of rain, snow and a football game which took many of their associates to Greensburg.

Sometime in the near future, the date to be set by the girls themselves, an Appreciation Ball will be held. This is an annual affair exclusively for the Poppy Girls and their gentlemen friends. The girls set the date, invite their own companions and the Legion foots all the bills, cheerfully for the work of the Poppy Girls is something which the post appreciates deeply.

Stolen Auto And Thief Captured

Howard Oliphant was apprehended Sunday by Paul Burrows, whose car was stolen Saturday evening from East Washington street, with the car in his possession. He took Oliphant and the car to the police station, police report.

Oliphant was removed to the office of Alderman O. H. P. Green this morning, where he was charged with larceny of an automobile. He entered a plea of guilty and was placed in the county jail pending the disposition of his case.

He used the car for a time Saturday evening, placing it in the South Side district until Sunday, when he and his friends were enjoying a ride, when apprehended by the owner, police allege.

Real Purpose Of Hoover's Tour Is Commercial

President-Elect Hopes To Elect New Markets For U. S. Exports

(International News Service)

WASHINGTON, Nov. 12.—The real purpose of Herbert Hoover's proposed tour of South and Central American countries is to insure American prosperity for another four years by opening fresh markets for American goods in the nations south of the Rio Grande, it was learned today.

The president-elect believes a personal visit would tend to promote a new era of friendship between the United States and the nations of the south, thus laying a proper basis for the development of new trade channels on the American continent.

The development of foreign commerce was one of Hoover's chief tasks as secretary of commerce during the last eight years. During his tenure in the cabinet, it was pointed out, American exports grew a billion dollars to a new grand total of $4,865,000,000 in 1927, the largest in the history of our county. This figure, however, left the United States still in second place among the export nations of the world, and it is Hoover's ambition to make America first in this respect.

The President-elect will go to Central and South America hoping to make new friends for American merchants and hopeful of opening new markets for American goods.

Grove City Pastor Speaks To Rotary

Tells Of Alaska—Marine Band Leader Also Speaks At Meeting

Dr. Homer B. Henderson, pastor of the First United Presbyterian church of Grove City, spoke on "Alaska" before the members of the New Castle Rotary club when it assembled for the regular weekly meeting today.

The Grove City minister's address on the Klondike country was heartily enjoyed. It was an interesting and indeed an educational one, for of the facts he brought to light it is doubtful that very few were known to many in the audience before.

"Although histories say that our purchase of Alaska cost $7,200,000," said Henderson, "recent proof has established that the actual price amounted to no more than $1,400,000." He explained thoroughly how this came about and how the price of the deal as some histories would have it, is altogether wrong. The minister gave a complete resume of his trip to that land, which he has studied so much.

Preceding Rev. Henderson's address, Capt. Taylor Branson, director of the United States Marine band, the president's own, in the city for their concert at The Cathedral tonight, made a few remarks. In his brief speech, Branson said that in his opinion the New Castle high school is the pioneer in high school bands and that he greatly inticipates the performance it is to render for his organization this afternoon.

Tells Police He Was Waylaid And Then Robbed

On answering a call last night to Weinberg alley, Officers Lettera and Kennedy found a man who had evidently been struck and knocked senseless, lying in the alley in a semi-conscious condition. Investigation showed that he had evidently been dragged there from South Jefferson street and Reynolds street.

His condition was such as a result of a wound on the face that he was removed to the Shenango Valley hospital, where he gave the name of C. Smith.

He had recovered sufficiently this morning to be released from the hospital and informed the police that he had been walking along a south side street, when a man asked him what time it was. This was the last he remembered, and when he woke up in the hosiptal he found that his watch and about $40 in cash were gone.

Accuse Man Of Trying To Kick House Door In

Officer Letera and Kennedy answered a call to 1905 Pennsylvania avenue Sunday evening, where it was reported that a man was endeavoring to kick in the doors of the house.

On their arrival there they found that Nick Kozlowski, formerly of this city, but now of Baltimore, and separated from his wife, had been kicking in the doors of his wife's home in an effort to get in. He had succeeded in kicking in the rear door when they arrived.

They arrested Kozlowski and this morning he was turned over to County Detective William G. Fleming, who took him to the office of Alderman Walter T. Hamilton, where he is charged with desertion and non-support by his wife.

SLIGHT ACCIDENT

Miss Florence D. White, 447 Neshannock avenue, reported today that she was driving east on Washington street at South Jefferson street when her car was struck by the car of J. D. Melat, Kennerdell, Venango county, Pa., which was being driven south on Jefferson street and making a left-hand turn onto Washington street. Her machine was somewhat damaged.

EX-SERVICE MEN AT CELEBRATIONS

Beaver And Sharon Draw Delegations From New Castle

While Armistice Day is not being celebrated officially in New Castle by the ex-service men, many members of the American Legion and the Veterans of Foreign Wars are attending celebrations in neighboring cities.

Beaver is holding a big celebration today under the auspices of the American Legion and a delegation from New Castle went down headed by Pat J. Dempsey, assistant district deputy commander for the 26th District. A parade was to feature the day, with many of the men attending the Geneva-Allegheny football game following.

Vets In Sharon.

In Sharon the celebration is sponsored by the Veterans of Foreign Wars and many of the members of Harry L. McBride Post are attending there. The Sharon celebration like the Beaver celebration is being featured by a large parade.

The probabilities are that the district celebration for Armistice Day, will be held in New Castle next year. Aliquippa had it last year, Beaver has it this year and probably New Castle will get it next year.

Senior Hi-Y Club Meets This Evening

Members of the Senior Hi Y club will meet this evening in the banquet room of the Y. M. C. A. at 6 o'clock for their regular weekly dinner and business meeting.

This evening will mark the start of the club members in their special study of prayer during national prayer week. Following this devotional prayer period a business meeting will take place and will be followed by play practice for the comedy which the club members are staging.

Young People Pay Respects To Late Council Member

S. S. Council Officers Honor Memory Of Paul Palmer

Members of the cabinet of the Young People's Sunday School council of the New Castle district met on Sunday afternoon to complete arrangements for the organization's annual conference to be held at the Central Christian church, Long avenue, on Sunday, November 25.

Preceding and following the discussion of conference matters, members participated in a fitting tribute to the late Paul Palmer, boys' first vice president and active member of the council. The organization will go to the home of the deceased member in a body this afternoon.

Appointment of committees for the annual meeting and further arrangements concerning the program of the afternoon and evening were completed. These will be made known later, after final approval is made.

Advertising Club Now Functions At Ben Franklin High

Members of the Benjamin Franklin junior high Advertising club convened for an interesting meeting recently. The club meets every two weeks.

The organization which is composed principally of eighth grade students, has collected material from numerous companies and expects to display it later. While most junior high school students are too young to know the psychology back of an advertisement, yet they gain fundamental thoughts that may help them to grasp the real fact when they go to the senior high school.

The aim of the club, according to the sponsor, Miss Grace Dodson, instructor in the commercial department, is to teach the requisites of a good advertisement and the elements in an advertisement that appeals to the average individual.

Start Drive For Convention Funds

Solicitation Of Funds For State American Legion Convention Begins

This morning solicitation of funds for the financing of the state American Legion convention for New Castle began in earnest by the members of the special Legion committee in charge of convention arrangements. The committee, under the chairmanship of Phil G. Greer, is attempting to solicit sufficient funds to guarantee the success of the convention here.

The American Legion of this city believes that the convention may be brought to New Castle next May if an invitation is extended. The convention committee expects to go to Harrisburg about December 1 and extend the invitation to the state executive committee of the Legion at that time.

Etiquette Group At Junior High Studies Manners

Believing that in both business and social life certain conventional forms of good breeding are essential to success in life the Ben Franklin junior high school has several etiquette clubs in which any person would find a keen interest among the members.

In one of these organizations, sponsored by Miss Elizabeth Weingartner, a new teacher at Franklin, the seventh and eighth grade girls are discussing good manners for all occasions. At the last meeting of the group during the regular club period a discussion of table manners followed the business meeting.

Officers of this organization are as follows: President, Jennie Ciccone; vice president, June Atkins; secretary, Marion DeGastra, and treasurer, Rose Rich.

GIRL SCOUTS

MINNEHAHA TROOP

The Minnehaha troop of Girl Scouts met Saturday with 15 present. Several of the older girls were selling poppies, hence their absence. Ruth Whitlatch passed the signalling test with ease.

Miss Pugh brought with her the first edition of the monthly bulletin, asking the girls to find a name for it. The girls of this troop are very anxious that one of them be the lucky one in this. Miss Pugh also brought slips of different plants for the girls to raise and give for Thanksgiving presents.

National Girl Scout Week started November 11th and all girls having uniforms are permitted to wear them to school this week. All Girl Scouts are also asked to do several things this week—prepare a simple dish for one meal during the week; wash the dishes for their mother four times during the week, and attend at least one church service. Also it is hoped every Girl Scout will be present at her troop meeting this week.

Coolidge Failed To Push Hoover

President Failed To Proclaim Nominee As "Nation's Best"

FINALLY ENDORSED HOOVER'S CAMPAIGN

By CHARLES P. STEWART
Washington Correspondent for Central Press and The New Castle News

WASHINGTON, Nov. 12—Did President Coolidge hope strenuously for a Hoover victory?

It may sound like a blasphemous question.

Nevertheless, it was asked a good many times, as election day drew closer and closer. Moreover, a negative answer was pretty frequently guessed at.

True, the president did finally come through with an indorsement of the Hoover candidacy, but he was mighty late in the campaign about it. It failed, too, to convince all the skeptics.

* * *

The fact is, the circumstances of the G. O. P. standard bearer's last call at the White House, just before he left for California, created a first-class sensation in Washington.

Up to that juncture not a peep from Mr. Coolidge had indicated that he even knew who was nominated in June at Kansas City.

"But now," said everybody, "he'll give Hoover a grand send-off."

A microphone had been set up in front of the executive mansion for Calvin to make his speech into, and to transmit Mr. Hoover's response to waiting millions. Everything was fixed — the Republican campaign managers were just that certain that an occasion had arrived when the president couldn't get out of giving a big boost to the party's choice as his successor.

* * *

History informs us what followed. President Coolidge faced the "mike", braced himself, and launched this stirring oration:

"Good-bye, Mr. Hoover. I wish you a pleasant trip to California and a safe return. Good-bye."

The anti-climax was something terrible.

* * *

At any rate, a general rush of Republican politicians to the White House ensued immediately—Friends of Hoover and some friends of Coolidge.

The impression in Washington is that they said substantially:

"Look here, Mr. President, this is awful—you owe it to the party not to throw us down at a critical moment like the present—you simply must say a good word for Herbert"—and appealed to his better nature.

Mr. Coolidge's "you have shown your fitness to be president" telegrame overtook Mr. Hoover at St. Louis.

Better late that never.

* * *

Now that it is all over, what of it?

Sill, it is interesting to know what great men think of one another.

If it is a fact that Mr. Coolidge never has been a Hoover enthusiast, it is also a fact that Mr. Coolidge, at times, undoubtedly has fretted Mr. Hoover.

The former made it rather too plain to be flattering that he did not care for the latter in the secretary of state's office. He was inconveniently slow about clearing the way for Mr. Hoover during the pre-convention period. He certainly took his time about expressing himself in favor of Mr. Hoover's presidential candidacy.

Worst jab of all—with the campaign on, he expressed his opinion that prosperity would continue even in the event of Al Smith's election.

Statesmen of presidential calibre are above jealousy, of course.

If they were ordinary human beings, there are occasions when, from the way they act, they might be suspected of it.

Textbooks Dull Says Professor

Written By Specialists; Do Not Give Broad Scopes Of Fields

(International News Service)

WARREN, Pa. Nov. 12—Mosst textbooks are writen dully and uninspiringly because the writers "love their sujects too well,' 'Dr. J. A. Nietz of the University of Pittsburgh School of Education, told the county teachers here recently.

"Every textbook writer is a specialist" said Dr. Nietz. "He loves every detail of knowledge in his field and he puts these details in chapter form, expecting the children to love these details as he does.

"Textbooks should be written to conform with the natural bent of a child to get an impression of the thing as a whole instead of particulars."

Make Reports Of Minor Accidents

Numerous Traffic Mishaps Occur On Streets Of City, Police Hear

A number of automobile accidents were reported to the police over the week-end.

S. E. DiLullo, 769 Harrison street, reported that he was enroute west on East Lutton street Saturday and had stopped before making a turn onto Mill street, when a car bearing Pennsylvania license 851,900 enroute north on Mill street and making a right hand turn onto East Lutton street, hit and damaged his car.

Samuel H. Johnston, 1313 Huron avenue, reported Saturday that he was enroute south on Highland avenue at Leasure avenue when the machine of T. C. Jenkins, 520 Winter avenue, enroute north on Highland avenue and making a left hand turn onto Leasure avenue, collided with his machine. Both machines were damaged, also a fire hydrant near the intersection of the streets.

William McKibben of 1013 Maryland avenue reported Saturday that he was driving a truck of Fischer & McGrath south on South Mill street, when it was in a collision with the machine of J. A. Vallely of the Wright apartments on East Washington street, which was enroute east on East Home street.

Andy Kopsky of Wilson avenue reported Saturday that he was enroute west on West Washington street in front of the Y. M. C. A. when a car bearing Pennsylvania license C22-898 going west on the wrong side of the public square, collided with his machine. Some damage was done.

Joseph Aiello, 425 Friendship street, reported Saturday that he was enroute south on South Mill street at the south side of the Mill street bridge when a machine bearing Pennsylvania license 835-109, which was following his car, ran into the rear of his machine, doing some damage.

Fisher To Appoint Two State Officers

Secretary Of Revenue And Auditor General May Be Selected Soon

(International News Service)

HARRISBURG, Nov. 12.—Although two $10,000 apointive plums now rest in the hands of Governor John S. Fisher, it is doubtful if either will be distributed until some time next year.

The last session of the legislature authorized the creation of a secretary of revenue at an annual salary of $10,000 a year. It also authorized a $7,000 appropriation for organization and personnel salary expenses.

The governor already has made it plain that he does not intend to be hurried in the selection of the new cabinet officer and that he may allow the entire matter to go over until the legislature has clarified the situation.

A number of names have been suggested for the post, including that of Samuel S. Lewis, the state treasurer. Lewis, previous to his election as treasurer, served four years as auditor-general. His term as state treasurer does not expire until next May and it is doubtful if he will resign to accept any other position prior to that time.

Lewis next May will be succeeded by Auditor-General Edward Martin, who in turn will be followed to the latter office by Charles A. Waters, the present secretary of labor and industry.

It is doubtful if Waters intends to relinquish his present post prior to his elevation next May. Unless he does so voluntarily there is small probability that his successor will be named until the vacancy actually occurs.

Positions to be filled are president, two vice presidents, trustee, treasurer and nine directors.

Installation of the new officials will occur sometime the latter part of December.

BURGLARS CART BIG SAFE AWAY

FRANKLIN, Pa., Nov. 12.—Daring burglars who forced an entrance in the rear of the National Market, in the heart of Franklin's business section, early Sunday morning found it impossible to crack the safe containing $2,000. So they shoved it out to the alley, loaded it on a truck and sped away.

The robbery was not discovered until noon, and the intruders had so covered their tracks that the police are without a single clue.

Eight Killed By Automobiles Over Week-End

Eight Meet Death, 31 Injured In Pennsylvania Saturday And Sunday

NEW CASTLE BOY AMONG VICTIMS

(International News Service)

Automobile accidents in Pennsylvania took a toll of eight persons killed and 31 injured over the week-end, a survey by International News Service showed today.

Central Pennsylvania reported the fewest number of accidents with only two fatalities recorded and five persons injured. Western Pennsylvania had two fatalities and 11 injured, while the eastern part of the state reported four killed and 15 injured.

Most of the accidents reported occurred within city limits. Apparently poor motoring weather kept many of Pennsylvania's motorists from taking to the highways for week-end touring.

In Pittsburgh four persons were injured in double collision between coal truck, street car and automobile.

Two persons injured in automobile collision.

One man killed and woman and her two children seriously injured in automobile collision at Sheraden.

Three persons hurt, one seriously, in triple automobile crash on Freeport road.

In Philadelphia John Sloanaker, 64, prominent lumber merchant, died in Chestnut Hill hospital of auto injuries. Three other persons were killed in nearby Jersey and 15 were injured.

In Hanover four-year-old child killed and five brothers and sisters injured when automobile overturned near there.

In Williamsport woman killed when thrown from buggy by a runaway horse.

At New Castle Washington and Jefferson College student died of injuries received when struck by an automobile.

Air Mail Must Be Handled Speedily

Postal Employes Will Receive Instructions On Speedy Service

By ARTHUR C. WIMER.
Special Washington News Correspondent.

WASHINGTON D. C. Nov. 12.—The United States postoffice department has reason to be proud of its air mail service, Assistant Postmaster John H. Bartlett believes and as a part of a campaign to bring about the continuation of the speed of the air mail service the assistant postmaster general has requested the postmaster at New Castle to make a check up to determine whether all employees charged with the responsibility of handling air mail are thoroughly familiar with the departmental instructions concerning the handling of this class of matter.

Mr. Bartlett is requesting postmasters to co-operate with him in his efforts to see that all mail bearing air mail postage is given such special attention as will insure its dispatch so as to make the earliest possible connection with the air mail service.

mediately and handled with the on

Air mail must be spotted immediately and handled with the greatest possible expedition, Mr. Bartlett states. He asserts that neither delay nor negligence in the dispatch of this class of mail will be countenanced.

Nephew Assaults His Uncle With Shears

Injured Man In Hospital And Assailant Is Placed Under Arrest

When Sam Frigone, 21 Lacock street, went to the home of his nephew, Sam Grauso, 217 South Cedar street, early Sunday evening to invite him to a wedding, the men, who had not been the best of friends, renewed their hostilities and Grauso stabbed Frigone with a pair of shears on the left side near the back and in the shoulder bone, according to the police. A physician was called, also the police. Frigone was ordered to the New Castle hospital, where he was taken by Officers Thompson and Letera.

County Detective William Fleming and Constable Leslie also answered the call and searched for Grauso, who had escaped. Later in the evening, Detective J. Young, Officer Letera and Constable Leslie found and arrested Grauso in the kitchen of his home.

This morning Grauso was taken before Alderman Hamilton, where he was charged with felonious assault and battery.

Councilmen To Decide Holidays

All City Offices Today Except Treasury Department Are Open

Councilman Burns today asked colleagues, during council meeting at city hall to definitely designate the holidays during which the city offices will be closed. He stated today the treasury department is closed, owing to it being Armistice Day but other offices are open.

Colleagues agreed with Mr. Burns and within the near future they will decide on what day all offices are to be closed.

Tells of Attack

Police of Hollywood, Cal., are searching for four men who abducted, robbed and attempted to attack Lottie Pickford, screen actress and sister of Mary Pickford. According to the story she told police, she was only released by pleading with the bandits in Spanish after they had smuck her companion, Jack Daugherty, over the head as the couple stopped to repair a tire when returning from a party. She was robbed of $75, she said.

He Was Gassed Over-Seas During The World War

Ailments That Followed Were Relieved By Ten Herbs, Man Declares.

"I can truthfully say that Ten Herbs proved a godsend in my case," was the statement of Mr. John Ritchie, 460 Taylor street, Bloomfield, Pittsburgh, Pa., according to the Ten Herbs Man, who is at Eckerd's of

MR. JOHN RITCHIE

New Castle, Inc., 30 East Washington St., New Castle, where he is daily demonstrating this celebrated new herbal compound to crowds of people. "Your medicine gave me relief from indigestion and constipation, with which I had suffered ever since I was gassed over-seas during the World War," Mr. Ritchie continued.

"Before using Ten Herbs, food did not digest properly, but would form gas, which made me bloat terribly. I was so badly constipated that I had to take physics continually. My liver seemed to get sluggish. When I would sit down I would fall asleep. Then when night came it would be almost impossible for me to get to sleep. It seemed as though it was my nerves that caused me to roll and toss by the hour. Terrible headaches and dizzy spells would come on me; and I had rheumatism in the legs.

"Since using Ten Herbs, I feel greatly improved. I have a good appetite, and can eat without the misery of gas or bloating afterwards. My bowels are regular and my liver seems to work properly. Headaches, and dizzy spells are things of the past. I have more energy and ambition and do not get drowsy when I sit down. Rheumatism in my legs has been greatly relieved. My nerves are stronger, for when night comes I get a good night's rest. I have been benefitted so much that I have induced a relative to try Ten Herbs, and I feel sure she will get the same good results that I did. I do not hesitate to recommend your medicine to the public."

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington street, New Castle, where he is daily meeting the public and explaining the merits of this medicine.

New England Gets Coal From Mines Of Pennsylvania

Majority Of 30 Million Tons A Year Comes From Keystone State

PETROLEUM IS ALSO EXPORTED FROM HERE

Nine Million Feet Of Lumber Are Also Imported From Pennsylvania

By ARTHUR C. WIMER
Special Washington News Correspondent

WASHINGTON, D. C., Nov. 12.—The state of Pennsylvania plays no small part in the industrial life of New England, according to figures compiled by the department of commerce as the result of an industrial survey of the northeast.

Approximately 30 million tons of coal are imported annually into New England, and a great majority of this comes from the Keystone state. All of New England's anthracite is carried from eastern Pennsylvania, and most of the bituminous coal for the region is imported from Pennsylvania and West Virginia, according to the department of commerce. Mercer, Butler, Pittsburgh, Clearfield, Connellsville, Greensburg, Meyersdale and Somerset are mentioned as the centers of the Pennsylvania coal fields from which bituminous is carried into New England.

The New England states are almost entirely dependent upon Pennsylvania for their supply of bar and sheet iron, structural iron and iron pipe, importing from the state 39,811 tons of this material in one month.

In a 30-day period, New England also carried away from Pennsylvania 22,830 tons of cement, 8,777 short tons of refined petroleum products, 673 tons of fertilizer, 1,046 tons of corn, 361 tons of cattle and calves, 28 tons of hogs, 50 tons of fresh meats, 597 tons of fruits and vegetables, and during a 12-month period imported from the state a total of 9,150,000 feet of lumber.

Can Get Programs For Thanksgiving

County people who are planning Thanksgiving programs and who wish to get ideas and programs that have been presented previously throughout the state may do so by getting in touch with county agent Harold McCulloch or by writing direct to the Rural Sociology Extension located at State College.

This booklet is free, states Mc McCulloch, and has been prepared especially to aid the rural people and societies in putting on Thanksgiving programs.

All of the ideas which have constituted various programs in the state have been summarized and printed for the benefit of those who have charge of such programs. Any persons desiring the booklet should get in touch with Mr. McCulloch.

DRIVER CHUGS AWAY WHEN CAR SOMERSAULTS

EAST LIVERPOOL, O., Nov. 12.—Although his automobile overturned twice and damaged the stone foundation of a grocery store after plunging over an embankment on the East Liverpool-Wellsville road, Ralph Anania of East Liverpool, the driver, escaped unhurt. Replacing a damaged tire, Anania drove the car away, under its own power after the machine had been hauled back to the highway by a wrecker.

Poultry Exhibit Will Take Place During January

Mutual Poultry Association Plans Show For Pittsburgh

(International News Service)

PITTSBURGH, Nov. 12.—The anual exhibition of poultry, pigeon, bantam and wild game will be held here from January 28 to February 2, under the auspices of the Mutual Poultry Association.

William F. Auerswald of Millvale, Pa., will place the awards. Arrangements have been made and completed for single comb light and dark brown Leghorn exhibit of eastern states to be held in connection with the show.

The single comb white Leghorn Pennsylvania state meet will also be held at the same time. J. H. Weaver of Davidsville, Pa., has been selected to place the ribbons in that class.

Members of the Pennsylvania state branch of the Standard Bred Poultry Association are expected to be present.

Ruby Keeler Has Quit Ziegfeld, Is Hurrying Westward

Famous Tap Dancer Quits Cast Of "Whoopee" And Goes To Jolson's Bedside

(International News Service)

PITTSBURGH, Nov. 12. — Ruby Keeler, Al Jolson's bride, has quit the cast of Eddie Cantor's "Whoopee," playing here, but Flo Ziegfeld, the producer, doesn't care.

"Whoopee," which had its premiere in Pittsburgh, featured the dainty Miss Keeler as a tap dancer, but after Saturday night's show, she decided she had to hurry back to Hollywood, where she said Jolson is ill and needs her. Ziegfeld says he won't take the case before the Actors' Equity Association because he can "easily fill her place in the show."

Milk Producers Will Meet On Wednesday

Members of the Dairy Cooperative Sales association composed of Lawrence county milk producers will meet November 14, at 8 p. m., at the Y. M. C. A., states C. C. Cox, secretary of the organization.

At this meeting, W. S. Wise and William Bullard, officers of the sales association from Pittsburgh will be at the meeting to speak to the producers.

Almost 150 Have Licenses Revoked

Is Highest Total For A Week, Says Highway Department

(International News Service)

HARRISBURG, Nov. 12.—Revocation of 136 automobile operators' licenses, the highest total for one week in history, was announced today by the Department of Highways.

Revocation on charges of intoxication also reached a new high total of 85.

These included A. E. Fairchild, Carl Lucas, Robert Delara, John Palica and Paul Dilliard, all of Ambridge; Harry Cunning, Beaver Falls; Joe Hlastalla and Robert Thomas, both of Uniontown; A. A. Sheaffer, Lewistown, and George Haney, Bristol.

The license of H. B. Squires, West Chester, was one of eleven revoked for reckless driving.

Fourteen revocations for larceny included George Everett, Wilkes-Barre and William Boyer, Plains.

The license of C. E. Jacobs, Chambersburg, was revoked for impersonation and that of George Albright, Lancaster, for failure to stop and render assistance after an accident.

Loaning his operator's license to another person caused the revocation of one owned by Earl Thomas, Lykens.

Permitting an intoxicated person to operate a motor car was the cause of three revocations. They included Florence May Kennedy, Philadelphia.

Sympathy is all right in its place, but there are times when a kick would be far more effective.

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

In The Trenches At Caloocan

AFTER CAPTURING THE TOWN OF CALOOCAN, A FEW MILES NORTH OF MANILA, THE AMERICAN SOLDIERS OF GEN. MACARTHUR'S DIVISION AT ONCE SET TO WORK TO DIG INTRENCHMENTS. THIS WORK WAS ACCOMPLISHED UNDER A HEAVY FIRE FROM THE INSURGENT LINES BEFORE CALOOCAN AND AN ENFILADING FUSILLADE FROM MALABON.

MAP SHOWING THE LOCATION OF CALOOCAN AND MALABON.

THE RIFLEMEN IN THE LATTER PLACE WERE A CONSTANT SOURCE OF ANNOYANCE TO THE AMERICANS, BUT MALABON COULD NOT BE TAKEN EASILY, AS IT LAY ON AN ISLAND CONNECTED WITH THE MAINLAND BY A NARROW CAUSEWAY, AND AN ASSAULT WOULD COST MANY LIVES.

NO FURTHER ADVANCE WAS ATTEMPTED AT THE TIME AS MACARTHUR WAS INSTRUCTED TO WAIT UNTIL REINFORCEMENTS ARRIVED FROM THE UNITED STATES. DURING THIS PERIOD OF WAITING, THE RAILWAY FROM MANILA WAS REPAIRED, AND SOON A WHEEZY OLD LOCOMOTIVE WAS MAKING REGULAR TRIPS FROM THE CITY, HAULING CARLOADS OF RATIONS AND AMMUNITION.

WEEKS PASSED, BUT LIFE IN THE TRENCHES AT CALOOCAN WAS FAR FROM DULL. THE INSURGENTS WERE PLENTIFULLY SUPPLIED WITH AMMUNITION AND USED IT UNSTINTINGLY. THE CARELESS EXPOSURE OF ANY AMERICAN SOLDIER WAS THE SIGNAL FOR A STORM OF MAUSER BULLETS FROM THE FILIPINO LINES.

NEW CASTLE DEFEATS GREENSBURG 31-2

Locals Upset Dope, Adminster Beating, Tommy Harper Stars

New Castle High School Football Team On Sloppy Field Play Excellent Game; Harper Dashes 80 Yards For Touchdown On Kickoff; DiCarbo And Fernati Play Fine Football; Linemen Put Up Brilliant Defense; Greensburg Stopped At Every Turn; Crowd Of 4,000 Witnesses Game; Snow Hampers Play

By "BUGS" WALTHER

SNOW, sleet and mud failed to hamper a hard fighting and courageous New Castle High school football team Saturday afternoon at Offutt Field, Greensburg. Before a crowd of 4,000 spectators the red and black team piled up a 31 to 2 victory over Greensburg High.

A badly crippled New Castle High grid machine arose to the occasion and smothered the Westmoreland county eleven under five touchdowns. The Greensburg tally was made on a safety. The Loucks coached team never threatened the New Castle goal line. New Castle had 15 first downs to three for Greensburg.

Out of the mud and mire of the game there came a youth, Tommy Harper by name, to write his name indelibly on the minds of the Greensburg gridiron fans. Harper was in his glory and proved himself a real "mud horse" by tallying three of the New Castle touchdowns. The climax to an afternoon of sensational football playing came at the start of the second half when Harper took the kickoff from Potts on his own 20-yard line and raced 80 yards through the Greensburg team for a touchdown.

The entire New Castle team, from end to end, displayed the best form shown this year. In the backfield supporting Harper in his electrifying process were DiCarbo, Shaffer and Fernati. The New Castle backs bucked the line for big gains and swept around the ends for substantial advances quite frequently. The Greensburg team put up a terrific battle, but they were plainly not in a class with the Bridenbaugh combination.

Locals Show Class

What a game of football it was. The fans were kept in suspense at all times. The slippery condition of the ball after the first few minutes of play made fumbling prominent. Both teams lost chances to score when the elusive pigskin slipped from their arms with the goal line in sight.

The Greensburg team fought until the final whistle. Hopelessly outclassed and outweighed, the Loucks outfit swept down in defeat by the largest score that has been rolled up against them in many years. In victory, according to the Greensburg fans, New Castle looked better by far than Wilkinsburg and Charleroi.

The Lawrence County team after the first few plays of the game seemed imbued with a general fury and drove hard at the Greensburg line. Coach Loucks started a number of his second string men, but soon changed his mind when he saw that New Castle was prepared for a tussle. A bad break for the Greensburg team came in the first quarter of the game when Moore their dependable signal barker suffered an injury and had to retire.

Field Very Muddy

The day was anything but ideal for football. A low-hanging sky with snow flurries and sleet predominating, and then changing to rain, transfixed the playing field into a quagmire and after the first quarter of play it was hard to distinguish any of the players.

Both coaches just about exhausted their supply of reserves in the game. New Castle made eleven substitutions and Greensburg made ten. The game was clean in the matter of rules, with New Castle penalized but twenty yards and Greensburg ten. With a mud-caked ball forward passing was almost out of the question, although New Castle completed one pass for first-down out of three attempts, while the brown and white eleven tried two passes and failed to complete either of them.

New Castle Takes Lead

New Castle High jumped into the lead in the first few minutes of play. The locals shoved over a touchdown in speedy fashion. Quinn kicked off for Greensburg at the start of the game and Fernati received it and made his way 20 yards to the 40-yard line before being downed. Harper and Fernati picked up a few yards on two straight plays. Harper failed to gain. Cuba punted to Moore who made a 10-yard return to the 30-yard line. Quinn made four yards and Brinkley made five more at tackle and Greensburg was headed for a first-down but on the next play Brinkley fumbled and Craft recovered for New Castle on the 40-yard line.

The red and black team started a march to the goal-line with Harper and DiCarbo punching big holes in the Greensburg line. Sillman on a double pass from Harper ran the ball to the 30-yard line. Harper clicked off a first-down. Harper fumbled but the ball was recovered by New Castle on the 25-yard line. Fernati made a first down for New Castle on the 16-yard line.

Sillman and Harper combined to make it another first-down for the locals with the ball on the 6-yard line. Harper plunged through center for the first touchdown. Sillman kicked an extra-point via a placement try. New Castle 7, Greensburg 0.

Greensburg Scores

Sillman kicked off for New Castle and Potts took the ball for Greensburg and made a 20-yard return, to the 40-yard line. Brinkley and Quinn made five yards for Greensburg, then Potts kicked to Sillman on the 18-yard line. New Castle lost a few yards on the next play when a Greensburg man broke through and nailed Fernati before he could get started. Shaffer replaced Sillman in the New Castle lineup. Shaffer elected to punt and a bad pass from center caused him to fumble the ball, but he scooped it up and in escaping the Greensburg tacklers was forced back of the goal line where he was downed, giving the Greensburg team a safety and two points.

New Castle was given the ball on the 20-yard line for a free-kick and Cuba kicked to Brinkley on the 40-yard line and the Greensburg half-back returned the ball 18-yards. Brooks who replaced Moore at this juncture made five yards through tackle. Greensburg was penalized five-yards for offside. Brooks raced 12 yards around New Castle's right-end. Greensburg had the ball on the 39-yard line when the first quarter ended. New Castle 7, Greensburg 2.

Fumble Is Costly

At the start of the second quarter Brooks fumbled and Brinkley recovered for Greensburg. Potts kicked the ball over the goal-line and it was given to New Castle on the 20-yard line. Harper and DiCarbo failed to gain and Shaffer punted to Brooks in mid-field. Greensburg tried a pass but it was grounded. Mooney recovered a Greensburg fumble on the 45-yard line. Harper raced off-tackle for 9 yards and made it first-down on the next play. Shaffer passed to Fernati for another first-down.

New Castle appeared headed for another touchdown, with Harper and DiCarbo making fine gains through the line. Harper raced to the 22-yard line on a delayed buck. Fernati fumbled and Cox recovered for Greensburg on the 27-yard line. Brooks made four yards at left tackle. Brooks took the ball again but lost two yards. Potts kicked to Shaffer who was downed on the 40-yard line. Harper made three through center and DiCarbo made it first down on the 30-yard line. Harper, Shaffer and Fernati carried the ball on successive plays for another first-down. DiCarbo on a double pass ran the ball to the 10-yard line. Harper squirmed through the line on the next play and went over the goal-line. Shaffer tried to pass to Ostrosky for an extra-point but the pass was grounded. New Castle 13, Greensburg 2. Greensburg had the ball in mid-field when the first-half ended.

Harper Runs 80-Yards

The Greensburg team kicked off at the start of the third quarter with Potts booting the ball. "Tommy" Harper took the ball on his own 20-yard line and aided by splendid interference made his way a distance of 80-yards for a touchdown. Several Greensburg tacklers almost downed the elusive New Castle fullback in his sensational dash, but they were unsuccessful in their efforts. Harper's run was all the more remarkable due to the precarious footing of the field covered with mud and snow. Shaffer failed to add an extra-point on a dropkick. New Castle 19, Greensburg 2

It was a discouraged Greensburg team that resumed play following the sensational run by Harper. Potts kicked off to Shaffer who made a 10-yard return. Harper picked up five yards. DiThomas replaced Ostrosky for New Castle at left-end. New Castle was held on downs and Shaffer kicked to Brooks on the 28-yard line. Brooks was stopped with no gain. Brooks picked up a yard. Potts attempted to kick but the ball was blocked and recovered for New Castle by Craft on the 20-yard line. Harper picked up seven yards, Harper made two yards at center. Harper made it first-down on the 10-yard line. Shaffer went through tackle for five yards, to the 5-yard line. Shaffer plunged the ball over from the five-yard line. Shaffer's pass to Fernati for an extra-point failed. New Castle 25- Greensburg 2.

Shaffer kicked off to Potts and the Greensburg fullback returned 8-yards before he was downed. Brinkley made 5-yards and the ball was on the 48-yard line. Brinkley fumbled and Cuba recovered for New Castle. The New Castle team had the ball on the 47-yard line when the quarter ended. New Castle 25, Greensburg 2. McIntosh during the quarter replaced DiCarbo and DiCarbo replaced Beres on the line.

Sillman Tallies

McAuley replaced Fernati for New Castle at the start of the fourth and final period. Shaffer kicked to Quinn who made an 18-yard return. Greensburg failed to advance the ball in the next two plays and Potts kicked to McAuley who made an 8-yard return of the punt. New Castle drew a 15-yard penalty. Sillman tried a pass but it failed. Cuba kicked to Brooks who was stopped without a gain. Howell replaced Brooks for Greensburg Quinn picked up 2-yards. Greensburg was forced to punt, with Potts booting to Sillman who returned the ball 2-yards to the 34-yard line. McAuley and McIntosh alternated and carried the ball for a first-down. Sillman made 8-yards through tackle and New Castle had the ball by the 5-yard line. Sillman plunged through tackle for a touchdown. New Castle tried to buck the ball over for another point but it was unsuccessful. New Castle 31, Greensburg 2.

Sillman kicked off to Potts and the Greensburg man was downed instantly. Brinkley and tacklers on him. Greensburg had the Howell failed to gain. Greensburg had the ball on the 58-yard line when the game ended.

Westminster Defeats Bethany Eleven 6-0, In Saturday Game

(Special To The News)

BETHANY, W. Va., Nov. 10.—Outwitted at crucial moments and outplayed at times when every yard was valuable, Coach Nuss' Bethany Bisons went down to a 6-0 defeat before "Dike" Beede's lighter Westminster crew in the annual homecoming day game here Saturday.

Although the game was played in a veritable swamp with rain falling during the entire encounter, but one fumble was made on either side, the opposing team recovering in each instance. McQuiston, clever Westminster quarterback, was hampered little by the mud, for it was through the air that the United Presbyterians were able to score, McQuiston's forward to Pipoly in the closing minutes of the game being good for six points.

Palmer Is Star

Little Fred Palmer, 140 pound halfback who had been confined to his bed with a bad cold all week, rose to heights and was the most spectacular player on the field. The mud did not seem to stop him as he made runs of 10, 15, 20, and 52 yards against the Bisons. His 52-yard gallop toward the end of the game placed the ball in position near the Bethany goal line so that McQuiston's pass to Pipoly for 12 yards was all that was needed to clinch the victory.

Bethany clearly outplayed the United Presbyterians during the first quarter, and registered four first downs in succession. When the Bisons reached the Westminster 34-yard line, however, the United Presbyterian line held and the ball was lost on downs.

Bethany made a total of 10 first downs and carried the ball, from scrimmage and by passes, a total of 213 yards; while Westminster made nine first downs and carried the ball 311 yards. Palmer, taking 18 chances with the slippery oval, chalked up a total of 122 yards; while McQuiston on 10 attempts made 87 yards. Baker, diminutive halfback for Bethany, played a good game until he was injured in the third period. He gained 85 yards on 13 attempts. Fiers, captain and fullback for the Bisons, was also spectacular, making 66 yards from scrimmage in 14 attempts.

In the matter of punting, McQuiston held the edge, his boots keeping the Bisons in hot water most of the game. In forward passing, McQuiston completed five out of seven for a total of 69 yards. One was intercepted and one was incomplete. Fiers and Roe threw 10 passes for Bethany. Of this number, five were good for a total of 52 yards, while three were incomplete and two were intercepted.

Tweedy, Pipoly Star

In addition to McQuiston and Palmer as outstanding stars for the blue and white, Emmett Tweedy, end, and Joe Pipoly, end, played outstanding games on both offense and defense. Tweedy threw Imel, Bethany half, for losses on nine different occasions, while Pipoly snared McQuiston's pass for the winning touchdown.

Roe, quarterback, and Burwell, center, on the Bethany outfit played excellent ball. Burwell was ever on the alert and was a power on both offense and defense. Roe smashed the United Presbyterian line for substantial gains during the first quarter, but his play was soon solved by Boone and Furno, Westminster linemen, and he was stopped again and again at the line of scrimmage.

First Period

McQuiston kicked off to Rush on the Bethany 20-yard line. With Roe, Baker, Fiers, and Imel alternating at carrying the ball, Bethany made a total of three first downs in succession, only to lose the ball on downs at the Westminster 34-yard line. McQuiston punted to Baker on the 42-yard line, and the Bisons opened up another running attack which took the ball to the 32-yard line. Here Tweedy threw Imel for a loss and Palmer knocked down Roe's pass. After another incomplete pass from Fiers, Westminster took possession of the ball on the 34-yard line.

Palmer, on two attempts, made a first down and then added seven yards more on the next play. A 15-yard penalty for holding halted the U. P. advance, and after Tweedy lost two on an end-around, McQuiston punted to Fiers on the Bethany 42-yard line. Two plays, with Imel stopped by Tweedy, and Imel punted to McQuiston on the Westminster 35-yard line. Palmer made seven yards on two attempts as the period ended.

Second Period

McQuiston dashed through the left side of the line for 16 yards, but both teams were off side and the play was called back. Palmer made five yards, and then McQuiston punted to Baker on the Bethany 38-yard line. Fiers threatened with two runs netting nine yards, and then Crowell recovered Roe's fumble at midfield. McQuiston dashed through the middle of the Bison line for 22 yards, added six more on the next attempt, Lauder added three, and then McQuiston made three for a first down. Palmer, on a double pass, lost 2, and then McQuiston picked up four.

With the ball on the Bethany 18-yard line, McQuiston tried a forward, but was tackled before he could get rid of the oval, losing five yards. McQuiston's pass was incomplete. After Palmer and McQuiston took the ball to the Bison eight-yard mark, the oval was lost on downs. Instead of punting, Bethany elected to carry the ball out of the danger zone, and Fiers, Roe, and Baker alternated at making four first downs in succession. Palmer intercepted Fiers' pass on the Westminster 20-yard line, however, and the half ended before Westminster could line up. Score: Westminster 0, Bethany 0.

Third Period

Burwell kicked off to Havrilla to open the second half. Havrilla caught the ball on the Westminster 31-yard line and carried it to the 40-yard mark before he was downed. With Palmer and Lauder carrying the ball, Westminster made seven yards. A 15-yard penalty for holding caused no concern, for McQuiston cut off tackle for eight yards and then threw a pass to Pipoly for 12 yards and a first down.

Soon McQuiston punted to Baker who signalled for a free catch on the Bethany 12-yard line. Baker raced 30 yards around end on the first play. Fiers and Roe made another first down aided by a 15-yard penalty for holding on the part of Westminster. Baker and Fiers added seven more, but Bethany suffered a 15-yard penalty for roughing.

Here Lauder intercepted Fier's pass, and the United Presbyterians again threatened. After another exchange of punts, Pipoly made two yards on an end-around, Palmer caught McQuiston's pass for 18 yards, Pipoly caught another pass for 20-yards, and then a five yard penalty on Bethany for off side gave the United Presbyterians another chance to score. Lauder made four more to place the ball on the Bison five-yard line. McQuiston carried it to the three-yard mark. Palmer lost one on an end-around. McQuiston, on a triple pass, lost another. McQuiston's pass was incomplete and Bethany took the ball on downs. Imel punted to Palmer who dropped the ball, and Burwell recovered for Bethany on the Bison 40-yard line as the third period ended.

Fourth Period

Kasarda and Roe gained four yards on three attempts, and then Imel punted but 20 yards, the ball going out of bounds on the Westminster 40-yard line. Westminster made four yards on two attempts, and then McQuiston's forward was intercepted by Hamill on the Westminster 45-yard mark. Fiers and Kasarda made six yards, and then Imel punted to Palmer on the Westminster 24-yard line. After a gain of six yards with Palmer, McQuiston and Havrilla carrying the ball, McQuiston punted to Fiers on the Bethany 45. Kasarda and Fiers were stopped for no gain, Imel's pass to Bramhall was incomplete, and then Rush punted to the Westminster 20-yard line. Havrilla made seven yards through the line. On the next play, Palmer broke through the Bison line and raced 52 yards for what looked like a certain score, but he was brought down by Fiers on the Bethany 25-yard line. Havrilla added nine yards. Palmer, on two attempts lost seven. McQuiston's pass to Pipoly was ruled complete as a Bethany player tripped the Westminster end just as he was about to catch the ball near the goal line. McQuiston had outwitted the Bethany crew on this play. He had cleaned the mud from his shoes and stood in position to kick a field goal, thus drawing the entire Bethany team in to block the kick. On the next play, Pipoly raced around to the right side of the line and caught McQuiston's forward over the goal line for a touchdown. McQuiston's drop-kick for extra point was wide.

McQuiston kicked off to Fiers on the Bethany 25-yard line. Imel fumbled and recovered for a yard loss. Fiers' pass was knocked down, and as the teams lined up for the next play the game ended.

The lineups:

Westminster 6		Bethany 0
Crowell	L.E.	Rush
Dombrowski	L.T.	Rogers
Fuller	L.G.	Hamill
Boone	C.	Burwell
Cebula	R.G.	Thompson
Furno (C)	R.T.	Behm
Tweedy	R.E.	Damschroder
McQuiston	Q.	Roe
Palmer	L.H.	Baker
Lauder	R.H.	Imel
Havrilla	F.	Fiers

Substitutions: Westminster—Sweet for Cebula, Pipoly for Crowell. Bethany—Bramhall for Damschroder, Kasarda for Baker, Harsh for Roe, Buttermore for Thompson.

Officials: Referee, Goodwin, W. and J.; Umpire, Crolius, Dartmouth; Linesman, Rebele, Penn State. Time of periods, 15 minutes.

Beaver Falls Will Battle Locals Here Saturday Afternoon

Undefeated Valley Team To Oppose New Castle In Booster Day Game

Saturday afternoon at Franklin field the powerful Beaver Falls high grid team, undefeated and leading contenders for the W. P. I. A. L. championship this year, will oppose New Castle high.

The game this coming Saturday has been designated as Booster Day and the attraction should be interesting. Beaver Falls is coming to New Castle bent on defeating the locals.

Trade School To Play Sophomores

The New Castle Trade school football team will play the Senior High Sophomores at Franklin field at 4:15 on Tuesday afternoon.

Both teams are in fine shape and a good game is anticipated.

Waynesburg Is Next Opponent For Westminster

Teams To Meet At New Wilmington Field On Next Saturday

(Special To The News)

NEW WILMINGTON, Pa., Nov. 12.—With two tri-state conference victories and one defeat so far Westminster will point this week to the fourth conference fray when Waynesburg invades New Wilmington next Saturday.

The Yellowjackets under a new coach have a heavy team. While the Waynesburg team has won but one game it has tied Bethany and Saturday tied the strong Grove City team at Monongahela City.

Beede ordered his men to rest today after the hard Bethany encounter. Practice seessions will start tomorrow afternoon. The United Presbyterians came out of the Bison encounter of Saturday no worse than when they entered in the matter of injuries.

Havrilla and Lauder are still hampered from showing their bost form due to injuries. Forsha, stellar end, has been lost for the season it was learned Saturday. The star wingman has not played since the Thiel game two weeks ago and will not be in shape again until next season.

Palmer, suffering from a bad cold, nevertheless showed up well against Bethany. He should be in excellent shape for the Jacket game Saturday.

In all probability Meede will start the same men against Waynesburg as faced Duquesne and Bethany.

Three Hundred Go On Special Train To Football Game

New Castel High Band In New Uniforms Present Fine Appearance

The New Castle special train to Greensburg on Saturday carried about 300 passengers, including the team, band and fans.

The special pulled out of the Pennsylvania station at 9 o'clock. The students and fans occupied the first five coaches and the band and New Castle high football team had separate coaches. John Paton and his senior high band presented a natty appearance in their new red and black uniforms.

The trip to Greensburg was uneventful, the train pulling into Greensburg about 11:30 o'clock. The New Castle delegation made their headquarters at the Penn-Albert hotel.

Prior to leaving for Offutt field for the game the New Castle high band played a few concert numbers in the lobby of the hotel. The band paraded to the field and received a big hand from the Greensburg citizens.

The New Castle special following the game left Greensburg at 6:20 o'clock and arrived home about 8:45 o'clock.

The senior high band staged a parade from the Pennsy station on their arrival back in New Castle and received quite an ovation from the New Castle Saturday night shoppers.

Lincoln Five To Be Re-Organized

Tonight at 7:30 o'clock the former members of the Lincoln Five will meet in the Y. M. C. A. for the purpose of reorganizing for the coming basketball season.

The following young men are asked to attend the meeting: Charles "Bub" Jones, Carl Gennock, Hank Nocera, Francis Uhle, Dario Baptiste, Lindy Bruce, Clark McClelland, Bat Parker and Johnny Hill. Hill formerly was with the Athletics.

The Lincoln Five last year played under the name of the Rick-Overlands. The Lincolns have won honors in Junior Circles for the past several years.

Firpo To Battle Frank Palmo Tonight

Henry Firpo will break into the boxing game at Pittsburgh tonight when he meets Frankie Palmo of Cincinnati on a card that also is featured by Young Rudy and Eddie Wagner.

Geneva Winner In Cross Country Race Saturday

(Special To The News)

NEW WILMINGTON, Pa., Nov. 12—Westminster's varsity cross country team returned from Pittsburgh Saturday night with a second place trophy and a silver medal earned at the Allegheny Mountain association championship distance meet at Schenley park Saturday afternoon.

Geneva winner of the championship last year again took first place with a team score of 43 with Westminster close behind with 47 points. Carnegie Tech's "A" team placed third with 66 points in the team race.

Eddie Roche, running under the P. A. A. finshed the six mile course first in the excellent time of 29 minutes, 47 3-5 seconds. Elmer Myers of Sharon, star Westminster runner, was second.

The order of finish for the first 20 men:

First, Roche, P. A. A.; second, Myers, Westminster; third, Piper, Geneva; fourth, Salkin, Carnegie Tech; fifth, Lockley, Geneva; sixth, King, Westminster; seventh, Price, Tech; eighth, Lyle, Geneva; ninth, Cushnie, Geneva; tenth, Wallace, Westminster; eleventh, Lord, Tech, twelfth, Reichard, Tech; thirteenth, Perrinine, Westminster; 14th, Calmi, Westinghouse club; fifteenth, Meenan, Tech; sixteenth, D. Myers, Westminster; seventeenth, Smalley, Westminster; eighteenth, Forst, Geneva; nineteenth, Ellis, Westminster; twentieth, Anderson, Geneva.

Bessemer High Defeats Mercer

Bessemer high school's fotball warriors continue undefeated today as a result of their 18-12 victory over Mercer high at the near-by county seat on Saturday.

With the Union and New Wilmington high school elevens Bessemer is now deadlocked for the class B high school championship in Lawrence county. Bessemer is to meet Union at Bessemer on Friday afternoon November 16.

Both the Bessemer and Mercer teams were in top notch condition when they met on the field Saturday. Both coaches had predicted victory for their teams before the game and were confident that their expectations would come true.

Opening a fierce attack immediately at the opening of the engagement, Mercer battled and plunged at the Bessemer line, tallying their touchdowns during this period. Bessemer could do little it seemed for the Mercer countians romped almost at will. Bessemer had scored one touchdown to Mercer's two during the first two quarters and when the half whistle sounded Mercer was on top 12-6.

But the undefeated lads from Lawrence county were not to be outdone and returned at the half ready for fight. What Bessemer lacked during the first half Mercer lacked during the second part of the conflict and as a result Bessemer crossed their opponent's goal line twice more. Mercer endeavored to retaliate but their efforts were of no avail. The game closed with Bessemer still unstained from defeat and their claim for the championship of Lawrence county strengtheined.

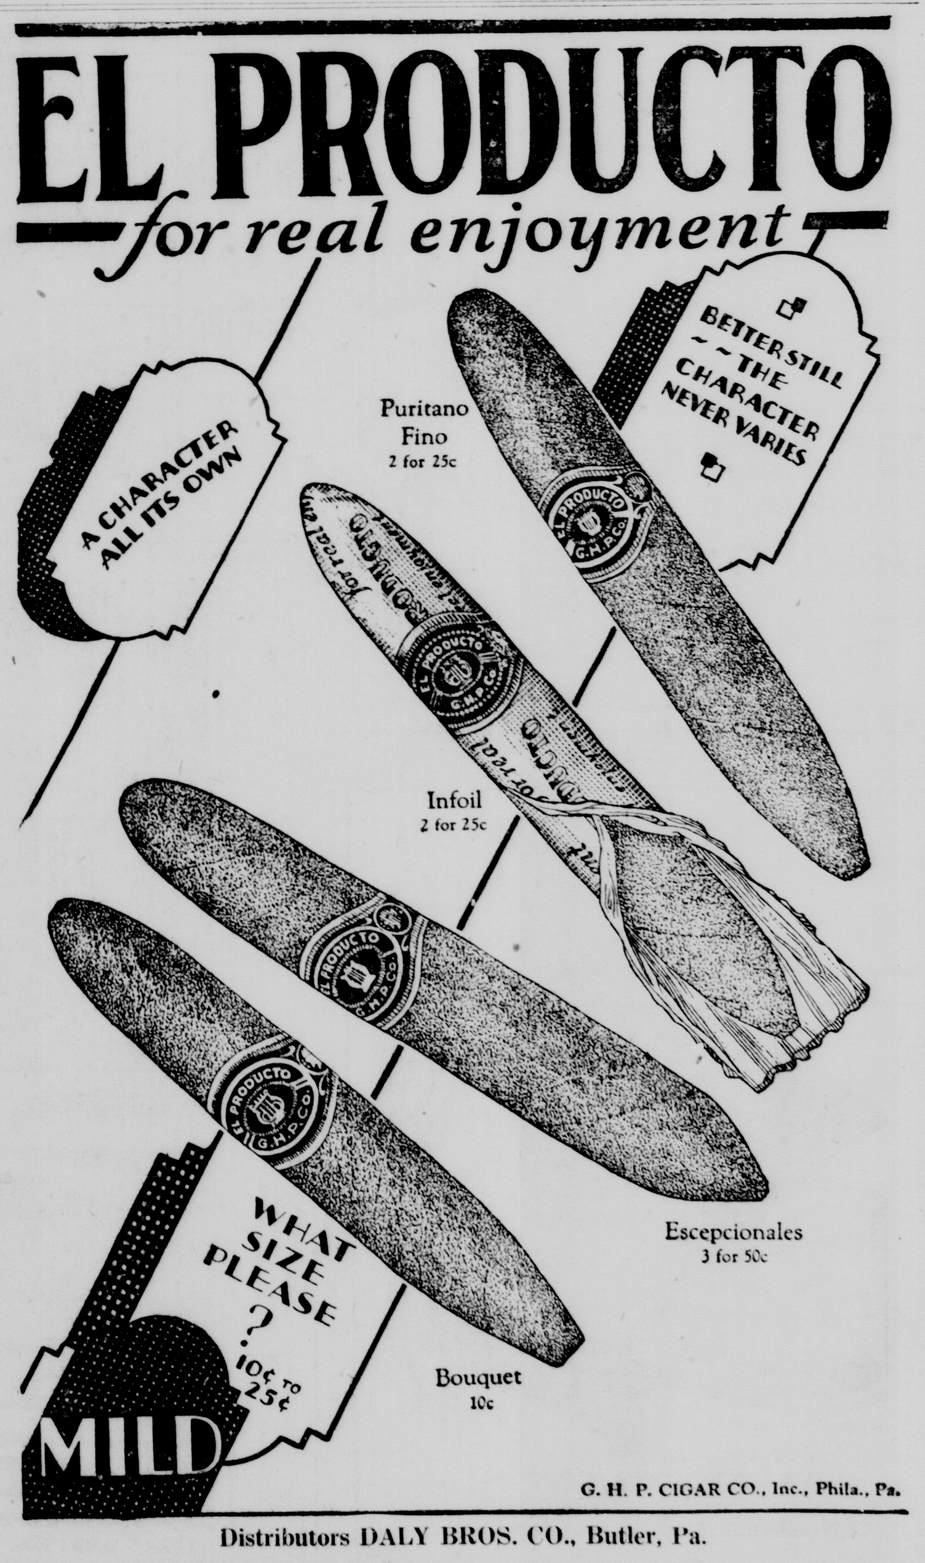

Grist, Nore and Robb accounted for Bessemer's scores while Rhodes, left half, crossed his opponents line for both of Mercer's touchdowns.

The gruelling battle which was fought in a sea of mud was witnessed by several hundred fans from both schools.

The lineup follows:

Bessemer—18.		Mercer—12.
Ruehle	L.E.	Williams
Engle	L.T.	Amy
D. McCurdy	L.G.	Sutton
Ulah	C.	Richardson
Davidson	R.G.	McCullough
Cappezuto	R.T.	A. Masson
Mack (C)	R.E.	P. Masson
Nore	Q.B.	Montgomery
Grist	L.H.	Rhodes
Aquara	R.H.	Broadbent
W. McCurdy	F.B.	(C). Stowe

Touchdown, Grist, Nore, Robb, Rhodes 2.

Union High Defeats Slippery Rock High In Saturday Battle

Sporting a first-class field running combination against a heavy eleven that practically outweighed each player, man to man, Union High school's determined football warriors met and defeated the strong representatives of the Slippery Rock High school by the score of 12-0 Saturday, in the Union students' annual Booster Day classic of the year. A crowd of more than 800 students and other fans witnessed the exciting contest which was played at Scotland Lane.

The weather for the engagement was far from pleasing, not only from the players' standpoint but from that of the fans as well. Snow falling throughout the morning had coated the playing field until there remained but few apparent muddy places over the ground. As the game wore on however it became quite soggy and toward the close of the contest the matter of distinguishing different players became somewhat harder.

Promptly at 2:30 p. m., representatives of the two teams met and tossed coins, Slippery Rock winning the toss. The up-country boys elected to defend the east goal and receive Union's kick. The local township lads' first kick was bad, rolling offside near middle field. The Union man dropped back again and on the second attempt sent the ball well into his opponents' territory. Taking the ball near his 40 yard line, the Slippery Rock man started around end, only to be downed on his 32 yard line.

Line plunges and occasional penalties for the Union squad featured the first period of the fray. Slippery Rock hit the line of their opponents continually and in several made considerable advances. But the Union line soon strengthened and the college town lads' power to gain vanished. The playing of Joe Thompson enlivened the quarter and accounted for several of Union's lengthy gains. Receiving a Slippery Rock punt on his own 15 yard chalker at one time during the first few minutes of the contest, Thompson skirted opposing tacklers successfully until he was halted on Slippery Rock's 15 yard line, only after a zig-zag run from within the shadow of his own goal posts. The playing of Chill, for Union and W. Straub, for Slippery Rock brought out interesting attempts to score at numerous times but this period. The quarter ended with the Union township lads in possession of the oval on their rival's 30 yard line.

Union Scores

After the second period had ended it appeared that Union would likely score. Advancing into their opponents' territory like a steam roller, literally speaking, the Union boys pushed aside all opposition and drew nearer the Slippery Rock line. Thompson of Union made a gain of ten yards from Slippery Rock's 30 yard marker, from where Union's fullback, carried it to Slippery Rock's five yard line. After an unsuccessful stab at Slippery Rock's defense, Rech of Union again plunged into the center of the college town team and across the goal line for the first score. From then until the close of the half, the Scotland lane contingent suffered numerous setbacks from lengthy penalties. Schiek, stellar quarterback for Union, was sent into the battle to replace Jaworski at half just a few moments before the second period closed. The star signal barker and hero of many a Union game was kept on the sidelines during the most of the game owing to an injury to his hip, following the grounding of several Union passes the half came to a finish with Union hovering over the ball on Slippery Rock's 30 yard line.

Returning to battle at the beginning of the second half both teams appeared much improved from their few minutes' rest. They probably felt that way, too. Union kicked off again to the college town gridders who returned the oval to their 40 yard line. Slippery Rock plunged through Union's line and continually made stabs at its defense. However, they were unable to make downs on a certain play and the Scotland lads took the ball. Thompson, Rech and Chill, with Jaworski also carrying the ball, were responsible for the Union gains. Rech on a spinner gained five and Thompson on an end run added a like number. Neither teams could score and the ball went back and forth, mostly in Slippery Rock territory. Fumbles occurred and both teams scrambled, but as could only be expected, as the field was becoming muddier. Union had advanced the oval to Slippery Rock's 10 yard line, where a Slippery Rock fumble netted five more in Union's favor. Union had possession of the ball again within a few yards of the Slippery Rock goal line, but just as signals were being called for another play the period ended.

Union Scores Again

It didn't take the local boys much time to push over another touchdown however, for on the second play after the last quarter began Sam Chill of Union plunged through center for another six points. An attempt to make the point after touchdown by running around end failed and the score stood Union 12; Slippery Rock 0. Play resumed but neither team threatened again until just a few moments before the final whistle sounded when the Union squad marched once more into the danger zone. Schiek had replaced Thompson at quarter, his regular position, and had called for his half backs to do the work. But not to miss action in the struggle the clever gridder called for a forward pass. He dropped back and the ball went spiralling out of his hand to Lanigan, Union end, who took it on his opponents' five yard marker. But the whistle sounded there and the game closed.

Throughout the conflict the playing of Augustine and Morrison, Union tacklers, featured along with that of those already mentioned. Both ends of the Slippery Rock squad, Hazeltine and D. Adams are also to be praised for their hard playing, with that of their fullback, W. Straub.

Lineup and Summary

Union 12		Slippery Rock 0

Speaker Signs As Newark Manager, To Supplant Johnson

Tris Speaker, Famous Cleveland Outfielder To Manage 1929 Newark Team

(International News Service)

NEWARK, N. J., Nov. 12.—Tris Speaker, famous outfielder who yesterday signed a two-year contract to manage the Newark Bears, will be a playing manager. Before leaving for Cleveland last night the "Gray Eagle" announced he would fill the center field post for the Bears next season.

While the amount of Speaker's salary was not disclosed, James P. Sinnot, president of the Newark club, intimated that the Texas would be the highest paid manager in the minor leagues next season.

Speaker's only rival for the job was Ty Cobb, who helped him warm the Philadelphia bench last season. The Gray Eagle succeeds Walter Johnson, called back to pilot the Washington Senators after managing Newark for one year. Recently Connie Mack revealed what waivers had been asked on Speaker and Cobb.

Speaker played with four American League teams, Boston, Cleveland, Washington and Philadelphia. He managed Cleveland for eight years and led the Indians to a pennant and a world's championship in 1920. He was regarded by many as the greatest outfield for all time.

Georgetown Out As Headliner

Carnegie Tech Proves Caliber In Big Contest At Albany, N. Y.

SOME SURPRISES IN SATURDAY GAMES

There is some suspicion among the cadets at West Point that drastic steps should be taken forthwith and immediately towards the submission of the Fighting Irish from South Bend. Those of a more radical turn of mind are advocating a thorough bombarding of South Bend while the more conservative recommend a slow starving out process.

The reason for the steps proposed arises out of the fact that on Saturday afternoon, Notre Dame reduced what was a perfectly logical contender for national honors to just a football team, Army losing to Notre Dame 12-6. And with Army disposed of there is reason to believe that the Rockne machine is not through yet. Nobody trims Notre Dame more than about twice a season and those two trimmings have been laid away. All of which puts Carnegie Tech in an unlovely position.

Georgetown Removed

While Notre Dame was removing Army, Carnegie Tech was removing Georgetown by the satisfactory score of 13-0, thus leaving the Scotchmen from Forbes street, Pittsburgh holding the mythical Eastern championship. And if Tech loses any of its games to come a perfectly good championship will be up for sale.

Down in Greensburg, New Castle High slithered its way through to a 31-2 victory with little effort, while in Pittsburgh the Pitt Panther went berserk, walking through Washington-Jefferson 25-0.

Westminster celebrated the Armistice day season by taking Bethany 6-0, and New Wilmington has two reasons to make whoopee today. Grove City could do no better than a tie 0-0 with Waynesburg.

Iowa handed Dr. John Wilce a rather bitter potion in its defeat of Ohio State 14-7, giving the Iowans the Big Ten Conference championship at least temporarily. Michigan and the Navy managed to hold each other even 6-6, and Harvard lost another one, Penn doing the trick 7-0.

Whoa Penn State

What Penn State lost in the way of scoring in other games it made up against George Washington, piling up 50 points to none. Princeton made merru with Washington and Lee 25-12 and Brown defeated Dartmouth 14-0. West Virginia continued its winning streak against the Oklahoma Aggies 32-6. Minnesota defeated Indiana 21-2 and Amherst added to its season's total against Trinity 34-0.

As for Yale, tut tut, the boys seem to have lost their technique, Maryland walloping the Sons of Eli 6-0. Northwestern nosed out Purdue 7-6 and Temple took its first backset of the season against Villa Nova tieing 0-0. This is the first time this year that Temple has even been tied, and has yet to lose a game.

Nebraska piled up a 44-6 score against Oklahoma and Davis-Elkins crushed St. Francis 40-0. Georgia Tech held on to its claim for the southern championship against Vanderbilt, winning 19-7 and Bucknell won a satisfactory one over Lehigh, 40-0. Out on the west coast Pop Warner got some of his revenge assuaged, Stanford defeating Santa Clara 31-0. And here's an odd one, Virginia, the team that tied Princeton lost to V. P. I. 20-0.

That seems to sum up the more important games. The week's reckoning leaves Carnegie Tech even more out on the top, for the eastern contenders have been falling like the leaves in the autumn. But Carnegie Tech is not out of the woods yet by a couple of jugsfull.

Al De Rose And Datto To Fight

Rio Meets Gallagher, Romeo Pacelli Battles Cezar And "Two Browns" Clash

DOUGHERTY AND JENNINGS READY

By FD. FRITZ

Traffic to Jolly bowl tonight will clog sidewalks and thoroughfares as Johnny Datto, the cunning Filipino and Al DeRose, the rugged son of Italian parentage are calendared to fight ten rounds. The Filipino displayed his 'sock' when he sent U. S. Carpentier and Jack McFarland to Slumberland recently. De Rose has yet to display his class but according to his record he has milled 100 or more times in various cities and has yet to repose in the arms of Morpheus as a referee counted off ten seconds.

Of the two, Datto is the most colorful and has a more spectacular career. He came to the States as a cabin boy on a Pacific liner and when he finally wended his way to Los Angeles heard of the coin that went with a successful fistic career.

He worked himself into the good graces of a fight promoter and it was not long until he had hung up a number of One-Round knockouts and attracted more than passing attention. He drifted eastward and only twice has he been sent to the floor.

Johnny fought Babe Herman, at one time considered the cream of the featherweight class and in an exciting whirl of punches Herman hit Johnny on the chin and he went down but got up and finished the fight. Harry Blittman was the only other to put him down.

In fact, on neither occasion was he bereft of faculties. When Herman put him down he got up without the usual grogginess and weakness sent him down at Youngstown. Jack McFarland nailed him here but Johnny's jaw is made of rather wholesome strength.

De Rose May Surprise

He is a cunning, tricky, cagey battler, fast as a panther and his boxing has been improved greatly under the tutelage of Jimmie Dunn. There is not a featherweight in the world who can hit harder than the Filipino.

De Rose, formerly of Newark, N. J., now of Indianapolis, topped off an interesting night of fighting about one week ago by winning the decision over Joe Pagliano at St. Louis, which is quite a feat. Prior to that he had fought Joe Ryder, now a lightweight of New York who is going big guns.

King Tutt, another prominent featherweight has tasted of the Italian-American's mettle and if he lives up to the expectations of Promoter-Matchmaker Bill Jolly fandom should see a good fight.

But he will have to be good to keep stepping with Datto, who as we said in a preceding paragraph can hit like a mule can kick. It may even come to pass that De Rose can take and give it and if he can match Datto's 'sock' again comes the prospective good fight.

Frankie Rio, formerly of Farrell and Patsy Gallagher, Pittsburgh clash in a six-round semi-final. Frankie has a habit of stepping in and out and then hooking with a left that is bothersome to say nothing of damaging.

Patsy is as tough as old hickory, so they say, and if he is in the same form he was when he met Rio at Youngstown, last winter the semi-final should be replete with thrills. Rio has never made a disappointing showing here. He has always done his best.

Browns to Battle

Patsy will probably jump right after Rio when the bell rings. He is rated as being one of the better featherweights of Pittsburgh, tonight Rio and he will box at 130 pounds. Due to rivalry the go will be a scintillating affair.

Romeo Pacelli, local featherweight and Tony Cezar of Pittsburgh will battle in the first six round preliminary. Romeo is a popular local boy who has a good left hand and steps around rather neatly. His opponent has never met here. They will box at 128 pounds.

The Two Browns, Maxie of Youngstown and Steve of Elyria, the former a member of the Caucasian race and the latter of the Ethiopian race will go on in a four round bout. Both are fighters, and the light-heavies should put up an interesting four round tilt.

West Siders will root against East Side fans when Johnny Dougherty and Johnny Jennings of the East Side clash at 130 pounds in a four round go. Due to the inter-ward contest plenty of action is anticipated.

Fans have nothing to fear from inclement weather as the bowl has been roofed, floored, ventilated and heated. In fact fans now sit through fistic programs with comfortable surroundings. The bell will ring at 8:15 p. m.

Weather For Week Is Getting Colder

Average Temperature For Past Week Drops To 45.9 Degrees

With the average temperature for the week registering at 45.9 degrees, at the weather observatory at the City of New Castle Water company's pump station, the week of November 4 was slightly colder than usual, according to B. F. Johnson, the observer.

The warmest day of the week fell on Wednesday, November 7, when the thermometer rose to 60 degrees while the coldest day was Monday, November 5, with the thermometer registering 30 degrees.

During the week only .29 inches of rain fell. Two days of the week were completely cloudy, while the other five were partly cloudy.

A Twice-Tied Tiger By Fog Murray

The Princeton Tiger evidently believes in doing its Christmas shopping early. Gentlemen expect, and sometimes thankfully receive, ties as Christmas presents. Some of these ties are beautiful and wondrous to behold, and the gentlemen receiving them quickly start growing long beards to cover them up, or surreptitiously slip them to the janitor. The Tiger, however, is no gentleman (according to Harvard, so he is proudly wearing his latest tie, which he got recently out in Ohio. He likes it much better than the one Virginia gave him, although he would have preferred an olive wreath of victory. But a tie is much better than a kick in the pants.

The Princeton-Ohio State game of November 3rd, was one of the most important intersectional games of the year. The Tiger, unscored on in four games, but tied by Virginia found itself in the mammoth double-decked stadium at Columbus and outplayed the gallant Buckeyes for the entire first half. Then the home boys turned, and, with Byron Eby leading the attack, staved off defeat in the fourth period before 75,000 pop-eyed spectators.

The Scarlet and Gray avenged the 20 to 0 defeat of the year previous, and snatched a game out of the air that seemed the property of the enemy, as has been their custom of late. The team that had beaten Northwestern, Michigan and Indiana was not to be beaten by Princeton. Eby, Holman and Fesler shone for the Buckeyes, while Wittmer and Capt. Howe stood out for the Tigers.

Now, who's gonna tie Princeton next?

New Wilmington Defeats Hickory

Strong Mercer County High School Loses Game Saturday, 13-6

BOTH TEAMS SHOW GOOD OFFENSIVE

(Special To The News)

NEW WILMINGTON, Nov. 12. — Keepings its record of this season's victories untarnished, the New Wilmington high school team scored a 13-6 victory over the strong Hickory school gridders. Playing in a sea of mud both teams showed a strong offense but the Hickory combine weakened in the second half of the contest.

The feature of the contest was the stand of the New Wilmington team on its own one-yard line in the first period of the game. Both outfits tried to launch aerial attacks but the slippery ball ruled out that offensive weapon.

New Wilmington scored its first touchdown in the first period after C. Greer blocked a Hickory punt on the Mercer county team's 20-yard line. Neal and Davis carried the ball to the 1 yard line and Eagleson scored. New Wilmington scored again in the final quarter. Hartwell went over the line after the college town team had marched down the field on a series of line plays. Hickory made its score in the second quarter after two brilliant end runs by Duffy and Heck. Grimm kicked the ball over the goal line.

For the college town team, Davis was the outstanding star. His defensive and offensive work was good. Hartwell, McConnell, C. Greer, Patterson, Eagleson and Neal also played well. Grimm and Hock starred for the Hickory team and Knapp and Duffy worked well on defense. The Hickory forward wall was weak and through it the college town gridders made most of its gains.

Summary

Hock of Hickory kicked off to New Wilmington and the college town team failed to gain on the first few plays. Patterson punted and Hickory's return punt was blocked by Greer. Neal and Davis carried the ball to the Hickory goal line and Eagleson bucked it over. A pass, Patterson to Davis, scored the extra point. New Wilmington 7, Hickory 0.

Patterson kicked off and Hickory started on a march down the field but were stopped on the New Wilmington one-yard line when the college town line held. An exchange of punts followed and both teams failed to make any headway as the first quarter closed.

In the second period, Duffy of Hickory skirted the end on a 25-yard gain and Hock went around the same side on the next play for 20 yards. Grimm carried the ball over for the score. Duffy failed to gain through the line to score the extra point. Score, New Wilmington 7, Hickory 6.

Hickory kicked off and both teams alternated taking the ball but failed to gain much past midfield.

New Wilmington kicked off to start the second half and held the Hickory team on downs. Then Neal, Davis and Eagleson carried the ball as the college town gridders started a "big push" down the field making four successive first downs.

New Wilmington continued its drive in the final period and after Davis had carried the ball to the one-foot line, Hartwell plunged through the line for a touchdown. Patterson failed to find an open man on the pass try for the extra point. Score, New Wilmington 13, Hickory 6.

After kicking off to Hickory again, New Wilmington recovered the ball on a fumble and started on another drive for the visitors' goal line. The local team had advanced the ball to the 10-yard line on a series of three first downs when the whistle sounded to end the game. In the final quarter, the Hickory line failed to stop the college town backs.

New Wilmington scored 12 first downs to four gained by Hickory.

The lineup:

New Wilmington 13		Hickory 6
C. Greer	RE	Doolin
Lee	RT	Styduharm
Klumph	RG	McDonald
Rose	C	McGowan
N. Greer	LG	Gibson
McConnell	LT	Burns
Smith	LE	O'Hare
Neal	Q	Paulenick
Patterson	RH	Grimm
Eagleson	LH	Hock
Davis	F	H. Duffy

Subs: New Wilmington—McCrumb for Lee, Lee for McCrumb, Hartwell for C. Greer, C. Greer for Smith. Hickory—K. Duffy for Doolin, Knapp for H. Duffy.

Officials—Referee: Pugh. Umpire—Philips.

Dundee-Charles Battle Tonight

(International News Service)

NEW YORK, Nov. 12.—Johnny Dundee, former featherweight champion climbs through the ropes at the Broadway arena in Brooklyn tonight in an effort to make a fistic comeback. The bounding "scotch wop," nearly thirty-five years old, has picked a tough opponent this time in Gaston Charles, of France. But Dundee has been knocked out only once in more than 400 battles and is confident of defeating the Frenchman.

The turtle looks unreasonable, but perhaps he was one of Nature's abortive efforts to produce a perfect pedestrian.

Soft Coal Operators Meet At Pittsburgh

Will Discuss Market Problems And Mine Safety At Meeting

By ARTHUR C. WIMER
Special Washington News Correspondent

WASHINGTON, D. C., Nov. 12.—The cost of maintaining excess potential capacity will be outlined in a paper presented by Samuel A. Taylor of Pittsburgh in the eleventh annual meeting of the National Coal Association which opens November 14 and continues through the 16th is is stated at the headquarters of the National Coal Association here.

Bituminous coal operators from fifty producing states in thirty states will be present at the convention, the association states. Marketing problems, mine safety, taxation, research and government relations will be discussed in the convention.

J. P. Williams, Jr., of Pittsburgh and Otis Mouser of Philadelphia president of the Stonega Coke and Coke company, will also represent Pennsylvania as speakers in the convention.

M. J. Bracken of Johnstown, president of the Argyle Coal company will be one of the presiding officers.

Our simile for the day: As cold as a middleaged woman on the upper deck of the stadium during the last 15 minutes of play.—The Columbus Ohio State Journal.

SPORTS DONE BROWN

By NORMAN E. BROWN
Sports Writer for Central Press and The New Castle News

Two more sturdy oaks out of which Tex Rickard and other demon promoters hoped to produce heavyweight championship timber have withered away to shrub size right before the public's eyes, and the rank and file of the crown seeking army has been depleted by that many.

Calm, sane judgment on the two, Otto Von Porat, Chicago Scandinavian, and Tiny Roebuck, Choctaw Indian, since their recent showings, leaves no other course open than to pass them up.

These two fistic Lochnivars came out of the west about the same time to show their stuff in New York.

Von Porat's failure was chronicled somewhat broadly because he happened to tackle Paulino Uzcudun, Spanish heavy. Uzcudun already holds the publicity getting championship of the heavyweight division. He has drawn more attention with less reason than any of the others seeking the crown.

Von Porat was elected to check Paulino's claims. Otto was given credit for having the hardest wallop of any of the hopefuls. This was expected to be enough to carry him past the Spanish hurdle.

Von Porat had plenty of chances to hit Paulino—and did slap him with all he had. But he failed to flatten the foreigner. Paulino won a questionable decision on points.

Roebuck's might was hidden under a bushel, so to speak, because he appeared in a semi-final bout to the Porat-Uzcudun affair. But no loss. Tiny's light didn't burn very long, as it was.

Arthur DeKuh put it out in less than three minutes.

Roebuck's main stock in trade was his size. And it still is. He showed nothing else. He is big. Weighs 249 pounds and stands something like six feet five inches tall. But DeKuh smacked him.

The recent ring slaughter in Chicago which ended with Billy Showers being carried unconscious and near death from the ring, is another one of the black eyes frequently handed a game which, at its best, is constantly courting disfavor.

Showers and Shuffle Callahan met in what was to have been a 10-round go. Callahan, a terrific puncher, whaled Showers unmercifully from the start of the fight. Sowers, too, inflicted some damage on Callahan. By the end of the third round both boys were groggy from punching and being punched. At the start of the sixth Showers was obviously too weak and exhausted to continue, and yet neither the referee, nor the promoter made any effort to stop the battle. Sowers finally collapsed and became unconscious. The aid of a pulmotor was necessary, finally, to restore him to consciousness. He lay between life and death in a hospital for 48 hours.

N. Y. STOCKS

(International News Service)

NEW YORK, Nov. 12.—Wall street "heard from the country" today in the shape of a huge accumulation of week-end buying orders for the stocks which set the dizzy pace of the market last week.

In blocks of 10,000 to 25,000 shares they crowded the big trading mart at the beginning of the new week and in the first quarter of an hour the tape clicked off 500,000 shares. While Montgomery Ward paused in its spectacular race, Radio shot forward another 12 points to 275, as new cries of distress from the sorely harrassed shorts were heard.

Wall street heard today that the short interest in Radio is close to 50,000 shares, which is comparatively heavy for a stock as closely held as this. The big electrical manufacturing companies and the powerful speculators in and out of Wall street had practically locked up the 1,100,000 common shares of the stock outstanding, and the shorts have taken a terrific beating since Radio started to sky-rocket from the lower 50's.

Skillful preparation of the market to reflect the "Hoover Prosperity" was the work of a strong and powerful bull clique, fortified with millions and hundreds of millions of dollars in real money. Speculation has now reached its wildest stage, trades rushing in pell-mell to buy stocks with little or no regard to the swiftly changing panorama of values.

Profit-taking by the professionals blocked the progress of the tidal wave in the second hour, but here again the market displayed remarkable vitality in absorbing without difficulty. Montgomery Ward fell back 10 points in the process.

Vanadium, Republic Iron and Steel, Youngstown and the other "Little Steels" plunged ahead to new high price levels, Vanadium resting temporarily around 110, a 26-point leap from the low of last week. American Can was a favorite above 116, the highest price on record and equivalent to $700 a share for the undivided shares.

Not much progress could be made by the oil stocks, outside of a few new favorites, including Barnsdall and Mexican Seaboard. Sinclair forged ahead about a point. American Smelting led the big coppers with a 5-point jump to 280.

Plenty of money in sight for the call loan rate 6½ per cent.

Many Bond Issues Given Approval

Voters Of Municipalities Of State Pass Favorably On Local Measures

YORK APPROVES BIG SCHOOL BOND ISSUE

(From News Bureau)
(State Capital)

HARRISBURG, Nov. 12.—Municipal improvements costing several millions can be undertaken as a result of approvals given to bond issues at the recent election. A partial check of proposed loans were voted on at last week's election shows bond issues of more than $3,600,000 were approved and at least $950,000 in loans were defeated.

While the electorate of Pennsylvania last Tuesday was defeating proposed state bond issues involving $138,000,000 a number of communities acted favorably on local loans. Residents of Oley, Berks county, will vote December 4 at a special election on the matter of borrowing $110,000 for school purposes. At present the district is without any bonded debt.

The largest single bond issue sanctioned by a community last week was $1,500,000 in York for financing a school building program. Most of the money in the bond issue approved is to be expended to increase school facilities in the localities affected. Approximately $2,250,000 of the loans are for school construction.

Municipal improvements amounting to $450,000 was approved by voters in Greensburg while extensions to the sewage system of Hazleton costing $400,000 received a favorable vote in that community:

Among the municipal bond issues approved by the voters were Stewartstown, $20,000 for highways; Scott township, Lawrence county, $34,000 for schools; Limerick township, Montgomery county, $86,500 for schools; Rockledge borough, $120,000 for schools; Abington township, Montgomery county, $375,000 for schools; Chalfont borough, $35,000 for water works; Perkasie and Sellersville, $75,000 for schools.

Bridgeport borough, $50,000 for streets; Womelsdorf, $61,000 for schools; Amity township, Berks Co., $55,000 for schools; St. Lawrence township, Berks county, $25,000 for streets; Salisbury township Lehigh county, $175,000 for schools.

Edgeworth borough, $150,000 for municipal improvements and Loyalsock township, Lycoming county, $50,000 for schools.

A bond issue of $325,000 was defeated by the voters of Whitehall township, Lehigh county. That was the largest single municipal loan to go down from reports received here.

Other loan proposals to be defeated included: Camp Hill borough, $135,000 for sewers; Bedminster township, Bucks county, $60,000 for roads; Muhlenburg township, Berks county, $125,000 for schools; Marion township, Berks county, $60,000 for schools; Lower Alsace township, Berks county, $61,000 for schools; Bethel township, Berks county, $50,000 for schools; Kingston township, Luzerne county, $112,000 for schools and Lower Swatara township, Dauphin county, $30,000 for refunding and roads. This one bond issue was lost because the vote for and against was a tie.

Wonderful For Indigestion

When your stomach feels bad; when stomach acids, gas, sourness, nausea or after-eating pains make you miserable, just a little Bisurated Magnesia—tablets or powder—will bring safe and instant relief. It neutralizes the acids that have upset your stomach and permits normal painless digestion, or its cost is nothing. McKee's Kut Rate Store, Eckerd's of New Castle, Inc., and druggists everywhere sell it with this guarantee. Its daily use means real stomach comfort.
